Please specify which type of event your school is having

Project Graduation

Please confirm that a lock-in event is occurring after your Graduation/Prom.

Yes

Location of event

Poplar Bluff Middle School Campus

Estimated number of students at event

300

Does your school have the required roadway safety activity/presentation planned yet?

Yes

Would you be interested in learning about the free roadway safety programs that MoDOT has to offer?

Yes

What activities will occur at the event?

Our plan is to keep students busy with activities such as karaoke, dancing, music bingo, video gaming truck, cornhole, selfie station, inflatables, dunking booth, basketball, crafts, etc. A parent committee is working on this and plans to survey students about what they would like to do. Another parent committee is in charge of providing a variety of food and snacks throughout the evening. Local businesses have provided door prizes to be given away for those in attendance.

Clearly state your goal and action plan that will address drivers' safety issues in your school

In past years, the students have been gathered near the end of the event in a seated location to watch a safe driving presentation. This will be presented by the school SRO, if available. If not, a parent volunteer will facilitate this video and conversation. We are open to presentation materials that might be available from your organization.
