

CONSTRUCTION PHASES

Phase 2: Temporary Traffic Signals

While the new northbound lane of Route 19 is constructed, temporary traffic signals will guide motorists through this one-lane, two-way roadway. Delays exceeding 15 minutes are not expected.

A work study estimates this phase to take approximately 15 calendar days.

PHASE 2

- CONSTRUCT NORTHBOUND LANE OF ROUTE 19
- ONE LANE OF TWO-WAY TRAFFIC WITH TEMPORARY TRAFFIC SIGNALS
