

SPECIAL NOTICE TO CONTRACTORS

Informational Meeting – Interstate 35 JNW0133 Pavement Rehab Project

June 3, 2024

An informational meeting has been scheduled to discuss upcoming MoDOT project JNW0133. This project will rehab the deteriorating unbonded concrete overlay on approximately a 7 mile section of Interstate 35 in Clinton County located between Kearney and Cameron. Project limits are approximately from mile marker 41.6 to mile marker 48.6. JNW0133 is scheduled to be in the October 18, 2024 letting. This meeting will be an online meeting using Microsoft Teams.

The deteriorating pavement has brought MoDOT to program JNW0133. This project is not currently listed on the four-month tentative letting schedule. JNW0133 will soon be approved by the Commission and then be placed in the October 18, 2024 letting. The primary intent of this meeting is to bring project awareness to contractors and to discuss project rehab strategy, material specifications, testing, and handling of traffic.

The Informational Meeting is scheduled for the following:
