Dear Consultant:

The **City of Owensville** is requesting the services of a consulting engineering firm to perform the described professional services for the project included on the attached list. If your firm would like to be considered for these consulting services, you may express your interest by responding to the appropriate office, which is indicated in the attachments. Limit your letter of interest to no more than five pages. This letter should include any information which might help us in the selection process, such as the persons or team you would assign to each project, the backgrounds of those individuals, and other projects your company has recently completed or are now active. It is required that your firm's Statement of Qualification (RSMo 8.285 through 8.291) be submitted with your firm's Letter of Interest or be on file with The City of Owensville. The statement of qualification is not included in the total page count limit.

DBE firms must be listed in the MRCC DBE Directory located on MoDOT's website at www.modot.gov, in order to be counted as participation towards an established DBE Goal. We encourage DBE firms to submit letters of interest as prime consultants for any project they feel can be managed by their firm.

It is required that your firm be prequalified with MoDOT and listed in [MoDOT's Approved Consultant Prequalification List](#), or your firm will be considered non-responsive.

We request all letters be received by 3:00 pm, 08/28/2024 at The City of Owensville - 107 E Sears Avenue, Owensville, MO 65066.

Sincerely,

A handwritten signature in black ink, appearing to read 'Randy Blaske', written over a horizontal line.

Randy Blaske

City Administrator

RFQ Sample Scope of Services

Hazardous Waste Inspections

Inspect project prior to bid advertisement for asbestos and lead paint. The accompanying hazardous waste reports **MUST** be in the bid proposal. See [EPG 136.6.4.10](#) for further information on Hazardous Waste.

Sidewalks

The engineering responsibilities may include but are not limited to:

The preparation of Conceptual plans, Preliminary plans, Contract plans, Right of Way Plans, preparing and submitting necessary permits, contract documents, assisting with the bidding process for ADA compliant sidewalks and preparation of PS&E and final documents.

Please add the Construction Inspection scope of service if the consultant is expected to provide those services.

Bridge

The engineering responsibilities may include but are not limited to the preparation of Preliminary and Contract plans and Right of Way Plans. As part of preparing the plans the consultant may need to perform surveying, geotechnical investigations, hydraulic studies and provide environmental and historic preservation services/permits including the preparation of PS&E and final documents.

Please add the Construction Inspection scope of service if the consultant is expected to provide those services.

Roadway

The engineering responsibilities may include but are not limited to the following:

The preparation of Conceptual plans, Preliminary plans, Contract plans and Right of Way Plans. Design services may include, right of way plans, surveying, geotechnical investigations, public involvement, environmental and historic preservation services/permits, contract documents, assisting with the bidding process, construction support/construction inspection, utility coordination/permits and traffic controls including the preparation of PS&E and final documents.

Please add the Construction Inspection scope of service if the consultant is expected to provide those services.

Construction Inspection

Construction Phase: work with contractor on behalf of the County, assist with preconstruction conference, perform periodic site inspection, prepare change orders, inspect construction materials, check shop drawings submitted by contractor, conduct construction test and inspection, be present during critical construction operations, work with County to do full time inspections and reporting and participate in final inspection.
