

# MEMORANDUM

## Missouri Department of Transportation Design Central Office

**TO:** All Central Office and District Offices

**FROM:** Danica Stovall-Taylor  
Assistant State Design Engineer

**DATE:** April 14, 2025

**SUBJECT:** Design  
General Letter No. 5, 2025  
Computer Stored Pay Items

Questions concerning the distribution of revisions to bid items should be directed to Central Office, Ivan Schmidt (573) 526-2919 or Ryan Martin (573) 526-2923.

NOTE	EXPLANATION
1	The following listing shows item numbers in the computer pay items database that were added, revised, or made obsolete and are effective with the <b>JULY 2025</b> bid opening. A complete listing of computer stored pay items can also be found at the following website. <a href="http://www.modot.org/business/contractor_resources/biditemslisting.htm">http://www.modot.org/business/contractor_resources/biditemslisting.htm</a>
2	For pay item revisions that involve only a change in item description, the item number will not change. For a material or process change, or a change in units or type, that will affect the price history of an item, an alphanumeric character will be added at the end of the existing number to indicate a revised item. For example, 4036000, if revised would become 4036000A. This process eliminates creating an excessive amount of new numbers in the database.
