

New IFTA Account External Procedure

Overview

Carriers who qualify for IFTA must apply for an account with MoDOT Motor Carrier Services. All required information and copies of documents must be received and reviewed by MCS prior to establishing a carrier account in the MoDOT Carrier System.

IFTA Requirements

You are required to have an IFTA license if you operate in two or more jurisdictions and the power unit:

- Has two axles and a gross vehicle weight or registered gross vehicle weight of 26,001 lbs. or heavier.
- Has three or more axles regardless of weight; or
- Is used in combination and the said combination is 26,001 lbs. or heavier.

Supporting Documents needed

Carriers must have a Missouri-issued license plate. If their company is incorporated and/or operates under a fictitious name, it must be properly registered with Missouri Secretary of State's Office at www.sos.mo.gov before submitting an IFTA application.
