PROJECT: FY26 WAYFINDING SIGNAGE (2025PW0054)

The City of Springfield Wayfinding Signage Program is a citywide effort to enhance navigation, connectivity, and the visual identity of key corridors, and downtown destinations. The project involves removing and replacing existing wayfinding signs and posts and installing new signage assemblies at designated locations throughout the city. The City of Springfield will furnish all signage, poles, mounting hardware, and related materials. The contractor will be responsible for complete installation, including removal and disposal of old materials, signage assembly, pole foundations, alignment, concrete placement, and final restoration of disturbed areas. Construction shall meet City of Springfield Technical Specifications and all applicable standards for signage placement.

Bidding documents and any addendums are available by accessing the City's e-bidding service, Demand Star
