# ROUTE A BRIDGE REPLACEMENT

Washington County

Indian Creek Bridge

## PROJECT HIGHLIGHTS

**Type of work:** Bridge replacement.

**Construction expected:** 2026-2027.

**Estimated cost:** \$3.5 million including engineering and construction costs, subject to change.

Scan to visit  
the project's  
webpage.

## Why is this work needed?

The Route A bridge over Indian Creek, east of Sullivan, is slated for replacement in 2026-2027. Built in 1958, the bridge is in poor condition, showing signs it has reached the end of its useful life, and in need of replacement. The new structure will be 24-feet wide - 4 feet wider than the current structure.

## Traffic Impacts

Construction will require a full roadway closure.

- The closure is anticipated to last an estimated 150 calendar days, subject to change.
- A signed detour will direct motorists to use Washington County Route T, and Missouri Route 185.

## Proposed Improvements

Route A over Indian Creek:

- New 24-foot wide bridge with two 11-foot lanes and two 1-foot shoulders, wider than the existing 20-foot wide structure.
- New concrete barriers to replace the current railing.
- New object markers on all four corners.

## Current Proposed Timeline

**May 2026:** Contractors may submit competitive bids.

**June 2026:** Missouri Highways and Transportation Commission may award contract.

**Winter 2026:** Work on Route A cannot begin until the bridges on Route A and Route 185 are complete.

**Dec. 2027:** Anticipated project completion.
