

2026-2027 Jefferson County Construction Guide

2026

- 1. Interstate 55 at the Meramec River –** Construction includes bridge improvements over the northbound and southbound bridges and bridge washing. Construction starts in spring 2026.
- 2. Interstate 55 Corridor Improvement Project –** This 12-mile project continues work to update the interchanges at Route Z, McNutt, and U.S. Route 67, as well as adding a third lane in each direction between Pevely and Festus. Work is expected to be completed late this year.
- 3. Route 21 wall repair –** This work repairs the damaged wall at Route 21 and Hayden Road.
- 4. Route 61/67 safety and resurfacing –** This project adds a two-way left turn lane between Brandon Wallace Way and 6th/8th Street in Crystal City and resurfaces the roadway in that area. The project continues throughout this year.
- 5. Route 61/67 bridge replacement and slide repairs –** This project replaces the bridge over Joachim Creek and completes slide repairs between Scenic Drive and Herky Horine Road and Herky Horine Road and Joachim Road. The project continues through 2026.
- 6. Route CC resurfacing –** This work resurfaces the route between Route 67 and Route 110 and updates signing and guardrail. Construction should begin in early 2026.
- Various locations in Jefferson County –** This work adds safety improvements on various roads around the county, including flashing beacons, LED stop signs and chevrons on curves. Construction starts in early 2026.

Legend

- 2026 construction
- 2027 construction
- Special projects

Does not include several short-duration sidewalk and safety projects around the area - various locations throughout the area in 2026 and 2027.

2027

- 7. Route 30 roadway improvements –** The project makes pavement repairs, upgrades signing and guardrail and resurfaces Route 30 from west of Gravois Bluffs Boulevard to west of Route PP. Construction on this project starts in early 2027.
- 8. Route 61/67 safety improvements and resurfacing –** This project brings sidewalks and signals up to Americans with Disability Act requirements, as well as upgrading guardrail and replacing three box culverts between Route 67 and Route M. This project also resurfaces the corridor. Construction is expected to begin in summer 2027.
- 9. Route 141 intersection updates –** This work updates the intersection turn lane and upgrades the signals at Springdale Lane.
- 10. Route M resurfacing –** This work updates guardrail and signing on the corridor from Route 21 to Metropolitan Boulevard. This also rehabilitates several bridges and seals several others on the corridor. Work begins in spring 2027.
- 11. Route MM resurfacing –** This project updates guardrail and signing on the corridor from Buckeye Valley Road to Route 21. This also rehabilitates several bridges and seals several others on the corridor. Work begins in spring 2027.
