

Bridge Advertisement (DSI 26-022) MSE Wall Approval Process

From Debra M. Butchart <Debra.Butchart@modot.mo.gov>

Date Thu 9/3/2026 1:32 PM

To BR <BR@modot.mo.gov>

The EPG has been updated as described below:

Implementation Statement: **Effective immediately for all jobs even if submitted to Design or under contract.**

(The Implementation Statement is a recommendation by the Development Section. The SPM is responsible for the level of implementation for any particular job.)

Revision Date	Items Revised	Description of Change
Sep. 2026	EPG: 720.1.2 ; 1052.3	The Bridge Division maintains a list of pre-approved MSE wall systems (see Bridge: Pre-qualified Products List – MSE wall). Shop drawings should be reviewed by appropriate MoDOT Division/District per EPG 106.16.2. If MSE wall system is not on the pre-qualified products list, it will need to go through the pre-approval process by Bridge Division before construction can begin. The pre-approval process can take several months and could possibly lead to rejection of the MSE wall system.
	Bridge Standard Drawings: NA	
	MicroStation Cells: NA	
	Std. Specifications: NA	
	Standard Plans: NA	
	Bridge Special Provisions: NA
