BID BOND

KNOW ALL PERSONS BY THESE PRESENTS, that we

as principal and _____

as surety, are held and firmly bound unto the Great Rivers Greenway District (the "District") in the penal sum of _____ Dollars (\$) to be paid to the commission to be credited to the state road fund, the principal and surety binding themselves, their heirs, executors, administrators, successors, and assigns, jointly and severally, firmly by these presents.

Sealed with our seals and dated this _____

THE CONDITION OF THIS OBLIGATION is such that

WHEREAS the principal is submitting herewith a bid to the commission on route(s) Brickline Greenway North Connector Phase 3: Spring Ave from Washington to Lindell project in the City of St. Louis, Missouri for construction or improvement as set out in said bid;

NOW THEREFORE, if the commission shall accept the bid of the principal and if the principal shall properly execute and deliver to the commission the contract, contract bond, and evidence of insurance coverage in compliance with the requirements of the bid, the specifications, and the provisions of section 227.100 RSMo, to the satisfaction of the commission, then this obligation shall be void and of no effect, otherwise to remain in full force and effect.

In the event the said principal shall, in the judgment of the commission, fail to comply with any requirement as set forth in the preceding paragraph, then the state of Missouri, acting by and through the commission, shall immediately and forthwith be entitled to recover the full penal sum above set out, together with court costs, attorney's fees, and any other expense of recovery.

The principal and surety hereby certify that the document is the original or a verbatim copy of the bid bond form furnished by the Commission, in accordance with Sec 102.9 of the Missouri Standard Specifications for Highway Construction.

=====

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Note: Executive Order 13658 generally applies to contracts subject to the Davis-Bacon Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. Executive Order 13658 does not apply to contracts subject only to the Davis-Bacon Related Acts regardless of when they were awarded. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.65 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract from May 11, 2026, through December 31, 2026. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classifications and wage rates that have been found to be prevailing for the type(s) of construction and geographic area covered by the wage determination. The classifications are listed in alphabetical order under rate identifiers indicating whether the particular rate is a union rate (current union negotiated rate), a survey rate, a weighted union average rate, a state adopted rate, or a supplemental classification rate.

Union Rate Identifiers

A four-letter identifier beginning with characters other than SU, UAVG, SA, or SC denotes that a union rate was prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2024. PLUM is an identifier of the union whose collectively bargained rate prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2024 in the example, is the effective date of the most current negotiated rate.

Union prevailing wage rates are updated to reflect all changes over time that are reported to WHD in the rates in the collective bargaining agreement (CBA) governing the classification.

Union Average Rate Identifiers

The UAVG identifier indicates that no single rate prevailed for those classifications, but that 100% of the data reported for the classifications reflected union rates. EXAMPLE: UAVG-OH-0010 01/01/2024. UAVG indicates that the rate is a weighted union average rate. OH indicates the State of Ohio. The next number, 0010 in the example, is an internal number used in producing the wage determination. The date, 01/01/2024 in the example, indicates the date the wage determination was updated to reflect the most current union average rate.

A UAVG rate will be updated once a year, usually in January, to reflect a weighted average of the current rates in the collective bargaining agreements on which the rate is based.

Survey Rate Identifiers

The SU identifier indicates that either a single non-union rate prevailed (as defined in 29 CFR 1.2) for this classification in the survey or that the rate was derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As a weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SUFL2022-007 6/27/2024. SU indicates the rate is a single non-union prevailing rate or a weighted average of survey data for that classification. FL indicates the State of Florida. 2022 is the year of the survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 6/27/2024 in the example, indicates the survey completion date for the classifications and rates under that identifier.

SU wage rates typically remain in effect until a new survey is conducted. However, the Wage and Hour Division (WHD) has the

discretion to update such rates under 29 CFR 1.6(c)(1).

State Adopted Rate Identifiers

The SA identifier indicates that the classifications and prevailing wage rates set by a state (or local) government were adopted under 29 C.F.R 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 01/03/2024 in the example, reflects the date on which the classifications and rates under the SA identifier took effect under state law in the state from which the rates were adopted.

WAGE DETERMINATION APPEALS PROCESS

1) Has there been an initial decision in the matter? This can be:

- a) a survey underlying a wage determination
- b) an existing published wage determination
- c) an initial WHD letter setting forth a position on a wage determination matter
- d) an initial conformance (additional classification and rate) determination

On survey related matters, initial contact, including requests for summaries of surveys, should be directed to the WHD Branch of Wage Surveys. Requests can be submitted via email to davisbaconinfo@dol.gov or by mail to:

Branch of Wage Surveys
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

Regarding any other wage determination matter such as conformance decisions, requests for initial decisions should be directed to the WHD Branch of Construction Wage Determinations. Requests can be submitted via email to BCWD-Office@dol.gov or by mail to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2) If an initial decision has been issued, then any interested party (those affected by the action) that disagrees with the decision can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Requests for review and reconsideration can be submitted via email to dba.reconsideration@dol.gov or by mail to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210.

- n. All questions or clarifications / questions should be directed via the solicitation on Bid Express. All requests for clarification on these bidding documents must be received in writing by September 8, 2026, at 2:00 pm. No questions after this date will be recognized. Responses to all questions/clarifications will be issued in the form of Addenda and be posted on Bid Express.

3. **PROJECT OVERVIEW:**

- a. The Proposed Work consists of:
 - i. Brickline Greenway North Connector Phase 2 & 3 (Greenway) Improvements along the west side of Spring Ave from Page Ave to Lindell Blvd. The proposed work includes earthwork, removals, grading, paving, utility adjustments, street reconfiguration, traffic control, traffic signals, street and pedestrian lighting, greenway trail and new sidewalk, curbs, seatwalls,

pavers, trees, landscaping, stormwater bmp's, irrigation, trail and wayfinding signage, and site furniture. Also, other site related work; and other incidental items and work described in the Project Manual, or reasonably inferable therefrom.

It is anticipated that a Notice to Proceed will be issued:

- ii. Greenway Project Phase 2 in November 2026
 - iii. Greenway Project Phase 3 in November 2026
- b. The contract time for Substantial Completion shall be 390 calendar days from Notice to Proceed. Substantial Completion shall include all improvements, except for granite chair install, and perennial/tree plantings. The contract may also include up to an additional 168 calendar-day period for Final Completion, to be completed no later than May 30, 2028, contingent upon Developer approval. This period of time may be used to complete granite chair install and seasonal landscaping, including perennial/tree plantings, and final punchlist items. Work associated with Substantial Completion of the project may not be deferred beyond the original 390 calendar-day period.
- c. The bidder agrees that, should the bidder fail to complete the work in the time specified or such additional time as may be allowed by the engineer under the contract, the amount of liquidated damages to be recovered in accordance with Sec 108 shall be as follows:

Phase 2 Liquidated damages per day \$ 3,625.00

Phase 3 Liquidated damages per day \$ 2,425.00

4. Access, Staging, Coordination

- a. Prior to the start of construction activities, the contractor(s) must submit for approval a detailed phasing and traffic control plan within 10 days of the notice to proceed.
- i. The contractor(s) shall maintain two-way traffic on Spring Avenue throughout the duration of construction.
 - ii. The Contractor(s) shall at all times conduct the work in such a manner as to insure the least obstruction to vehicular and pedestrian traffic. The convenience of the general public and of residents/business owners along the involved streets shall be provided for in an adequate and satisfactory manner as directed by the Developer. The Contractor(s) shall provide and maintain acceptable, temporary access from the street being improved to abutting side streets, alleys, driveways, parking lots, building, houses and/or other property where egress and ingress is required. Temporary access shall be provided using the various means listed below.
 - 1. steel cover plates of the proper size and strength to span the work area

- 2. wood ramps and boards with railings, spanning the work zone,
 - 3. pedestrian barricades
 - 4. crushed stone
 - 5. or other means approved by the Developer.
 - 6. Temporary access shall meet ADA requirements.
- iii. The contractor(s) will be permitted to close a quadrant of each side street at a time. Two-way traffic shall be maintained on each two-way side street.
 - iv. It is recommended that all bidding contractors review JSP -21 "Installation of Temporary Traffic Control" and the TC1 "Temporary Traffic Control" series drawings for additional information.
- b. The contractor(s) must establish their staging area totally within the designated Project Limits and/or as shown in the construction plans. Approval by the engineer will be required prior to staging any operations outside of the Project Limits.
 - c. Working hours are Monday – Saturday 7:00 am to 7:00 pm and no work is permitted on Sundays. After-hours work is contingent on approval from the project team with concurrence from the City.
 - d. Always maintain a clean worksite, pick up loose trash daily, and ensure that stored equipment and materials onsite are organized, maintained, and properly secured from damage or theft. The work associated with this project is in an active city setting with elevated risk(s) and it is critical that the work areas are properly secured and maintained in an organized manner throughout construction.
 - e. As these two projects are in close proximity to each other the bidding contractors will need to take into consideration the required coordination to complete the required work. This includes but is not limited to traffic control, staging, phasing of work, and signalization work. It is the intent to hold weekly coordination meetings between both projects.
 - f. This Contractor(s) will need to coordinate work with other on-going construction projects, work, maintenance, and/or other project-related activities. It is recommended that that all bidding contractors review JSP-03 "Coordination with Adjacent Projects" for additional information.

5. Upcoming Key Dates
