

SAINT LOUIS COUNTY
Transportation and Public Works

October 14, 2026

ADDENDUM NO. 1

Notice to All Persons and Firms Proposing
to Submit a Bid or Furnish Materials for
New Halls Ferry Road Sidewalk
St. Louis County Project No. AR-1857
Federal Project No. TAP-9901(685)

The construction contract for this project has been revised as follows:

No. 1

The following questions were received regarding the project:

Question 1: The spec stated that the changeable message board (CMB) will be retained by the County, but the bid line item says "rental". Can we get clarification.

Response: Delete **JSP No. 600.80.9** "Portable Full-Size Full Matrix Changeable Message Sign (CMS), Non-Returnable" from the Contract and Specification Book. Please note the revised Table of Contents is attached.

Question 2: Can you confirm the NTP and the working days? The bid packet indicated NTP within 120 days of bid opening, which would be mid-February. There is a 70 working day limit on the contract, would be the end of May. There is a requirement that the entrance to the school must be completed once school is out for the summer, and it has to be completed half at a time, which is going to require cure time.

Response: The notice to proceed and working days are correct. Submit bids as per usual process. Please note that Calendar Days and Working Days are not the same.

No. 2

Revise Special Provision No. 100.10.1 "Standard Specification & Standards Drawings" to provide clarification of the date of the St. Louis County Sediment and Erosion Control Manual as follows:

B. Unless otherwise noted, all land disturbance and sediment and erosion control activities on this project shall be covered by the Stormwater Pollution Prevention Plan (SWPPP),

**OPPORTUNITY
CENTRAL**

Geological Operations Plan (GOP), St. Louis County Land Disturbance Ordinance No. 25,494 (available on the internet at <http://councilarchive.stlouisco.com/>). They shall also be covered by the St. Louis County Sediment and Erosion Control Manual dated July 1, 2018, available on the internet at <https://stlouiscountymo.gov/st-louis-county-departments/transportation-and-public-works/transportation-publications-and-manuals/dot-construction-manual-current/sediment-and-erosion-control-manual/>

REVISED TABLE OF CONTENT ATTACHED AND REFLECT THE CHANGES NOTED IN ITEM NO. 1 ABOVE. FAILURE TO SUBSTITUTE THIS DOCUMENT MAY RESULT IN REJECTION OF THE BID.

REVISED BID DOCUMENT, JSP 100.10.1, "STANDARD SPECIFICATION & STANDARD DRAWINGS", IS ATTACHED AND SHOWS THE CHANGES NOTED IN ITEM NO. 2 ABOVE. FAILURE TO SUBSTITUTE THIS DOCUMENT MAY RESULT IN REJECTION OF THE BID.

ATTENTION BIDDERS: THE ADDENDUM ACKNOWLEDGEMENT IN THE BID DOCUMENTS MUST BE COMPLETED AND SUBMITTED WITH ALL BID PROPOSALS.

Regards,

Jill Allen
Contract Administrator
Department of Transportation and Public Works

BID DOCUMENTS

Instructions to Bidders
Bid Documents
Itemized Bid Sheets
Contract

100.10.1 STANDARD SPECIFICATIONS & STANDARD DRAWINGS

- A. Unless otherwise noted on the construction plans, all roadway work on this project shall be covered by St. Louis County Standard Specifications for Road and Bridge Construction. The Contractor shall have a copy of said specifications on the job site at all times for the duration of this project.
1. The specifications are available through our Publications website at <https://stlouiscountymo.gov/st-louis-county-departments/transportation-and-public-works/roadway-publications-and-manuals/construction-manual-current/standard-specifications-for-road-and-bridge-construction1/>.
 2. The Standard Specifications dated **January 1, 2026**, will be in effect for this project
- B. Unless otherwise noted, all land disturbance and sediment and erosion control activities on this project shall be covered by the Stormwater Pollution Prevention Plan (SWPPP), Geological Operations Plan (GOP), St. Louis County Land Disturbance Ordinance No. 25,494 (available on the internet at <http://councilarchive.stlouisco.com/>), and St. Louis County Sediment and Erosion Control Manual dated **July 1, 2018**, available on the internet at <https://stlouiscountymo.gov/st-louis-county-departments/transportation-and-public-works/transportation-publications-and-manuals/dot-construction-manual-current/sediment-and-erosion-control-manual/>.
- C. We do not publish our manuals in hard copy form. The most current "Publications" information will be available online in "portable document format" (PDF) files and can be viewed and/or printed through various PDF file viewers. All publications are available in PDF files.
- D. Unless otherwise noted, all roadway work on this project shall be covered by applicable St. Louis County Standard Drawings. The Contractor shall have a copy of said drawings on the job site at all times for the duration of this project.
- E. A copy of these drawings may be obtained separately or in conjunction with a set of project plans and specifications by contacting Cross Rhodes Print & Technologies, 2731 South Jefferson Avenue, St. Louis, Missouri 63118 (Phone: 314-678-0087) or through their Web Site: www.x-rhodes.com. They are also available through our Publications website at <https://stlouiscountymo.gov/st-louis-county-departments/transportation-and-public-works/roadway-publications-and-manuals/dot-standard-drawings-current/construction-standard-drawings/>.
- F. The Contractor shall be responsible for checking the Standard Drawings Errata Sheet to ensure his set of drawings is current. The Standard Drawings dated **June 1, 2024**, will be in effect for this project.
- G. Copies of both the Standard Specifications and Standard Drawings will be provided electronically as PDF files along with the Contract documents. The versions of the Specifications and Drawings provided electronically will be the standards for this project, as noted in paragraph F above. Updates made to the Standard Specifications and/or the Standard Drawings after this Contract is awarded will not be enforceable for this project unless a Change Order is issued to the Contractor.
