State Transportation Assistance Revolving Loan (STAR)
Related Statutes: Section 226.191 RSMo – State transportation assistance revolving fund created—administration—powers of commission—fund not to lapse.

Legislation was enacted in 1996 creating a State Transportation Assistance Revolving (STAR) Fund for the purpose of assisting in the planning, acquisition, development, and construction of transportation facilities other than highways. In December 1997, the fund was capitalized with $2,425,000 of General Revenue funds appropriated by the General Assembly. The General Assembly annually appropriates an amount for the STAR Fund account thereby making those funds available for STAR Fund loans.

In addition to the general policies for funding and financing alternatives, the following specific provisions are applicable to State Transportation Assistance Revolving Fund loans:

- Applicants must be able to pay back their loan and agree to written terms and conditions approved by MHTC.
- Eligible projects include non-highway transportation projects.
- Assistance is primarily through direct loans.
- Interest rates are based on comparable term tax-exempt bond rates.
- Funds are provided to applicants on a reimbursement basis, after receipt of project invoices from the project sponsor.
