

03/04/2026

Dear Consultant:

The **City of Riverside** is requesting the services of a consulting engineering firm to perform the described professional services for the project included on the attached list. If your firm would like to be considered for these consulting services, you may express your interest by responding to the appropriate office, which is indicated on the attachments. Limit your letter of interest to no more than 4 double-sided pages. This letter should include any information which might help us in the selection process, such as the persons or team you would assign to each project, the backgrounds of those individuals, and other projects your company has recently completed or are now active. Not part of the page limit: It is required that your firm's Statement of Qualification (RSMo 8.285 through 8.291) be submitted with your firm's Letter of Interest or be on file with **the City of Riverside**. Also required is a current E-Verify MOU (one-time submittal) and E-Verify Affidavit (annually).

DBE firms must be listed in the MRCC DBE Directory located on MoDOT's website at [DBE Program | Missouri Department of Transportation \(modot.org\)](http://modot.org), in order to be counted as participation towards an established DBE Goal. We encourage DBE firms to submit letters of interest as prime consultants for any project they feel can be managed by their firm.

It is required that your firm be prequalified with MoDOT and listed in [MoDOT's Approved Consultant Prequalification List](#), or your firm will be considered non-responsive. Your firm must also have project representatives who have taken the Federal Aid Basic Training Course (LPA).

We request all letters be received by 2 pm, (03/25/2026) at the **City of Riverside, Office of the City Clerk, 2950 NW Vivion Rd, Riverside, MO 64150.**

Sincerely,

Noel Bennion

Noel Bennion
Capital Projects & Parks Manager

Attachment
