Would you be interested in learning about the free roadway safety programs that MoDOT has to offer?

Yes

What activities will occur at the event?

We plan to have food, games and entertainment for the kids. We are planning on getting the drunk goggles, to let them experience what it would feel like to drive impaired. We will discuss with them about the lifelong effects of drinking and driving. How important it is to keep our roadways safe for everyone.

Clearly state your goal and action plan that will address drivers' safety issues in your school

Our goal is to provide a safe and fun environment for the kids to celebrate their accomplishment of graduating high school. Having them all together and not out on the roads late at night or partying with illegal substances. We will discuss with them driving under the influence and how it can impact their lives and others. Also address the importance of putting their phones down while driving, and what can happen to distractive drivers.
