OF THE STATE OF MISSOURI
(BUSCH WILDLIFE AREA)
HIGHWAY 40 61

SCALE

0 50 100 150

On Route 94, provide a second westbound lane through the intersection with Route D and re-establish the right-turn lane.

On Route D, provide a second left-turn lane to westbound Route 94.

Install new signals and lighting; re-establish marked crosswalk.

Extended the second westbound Route 94 lane to the east Francis Howell High School entrance and end the lane as a right-turn into the school.

LEGEND

- - - - - EXISTING RIGHT-OF-WAY
 - - - - - PROPOSED TEMPORARY CONSTRUCTION EASEMENT
 - - - - - PROPOSED PERMANENT EASEMENT
 - - - - - PROPOSED RIGHT-OF-WAY

To make these improvements, provide drainage and safe slopes, and maintain a utility corridor, additional right-of-way will be required, including a 0.80-acre section from the August A. Busch Conservation Area (Conservation Commission of Missouri) and a 0.13-acre section of Weldon Spring Conservation Area. MoDOT will begin Outreach to affected property owners soon.

Access will be maintained during construction, and no direct impacts are expected to the nearby Hamburg Trail and Busch Greenway. Travel delays and short-term detours may be encountered during construction.
