Subject: Bridge Advertisement (DSI 25-042) Seismic Map and Flowchart
Date: Thursday, January 22, 2026 10:29:54 AM

The [EPG](#) has been updated as described below:

Implementation Statement: Effective immediately for design process not started.

(The Implementation Statement is a recommendation by the Development Section. The SPM is responsible for the level of implementation for any particular job.)

Revision Date	Items Revised	Description of Change
Jan. 2026	EPG: 751.9.1: 751.1.2.17	EPG 751.1.2.17 and 751.9.1 updated to provide better access to preliminary seismic design map for LRFD. Previously, access to the map required clicking a link inside a linked document. For LRFD, use EPG Figure 751.9.1 Preliminary Seismic Design Map to determine preliminary seismic design category (SDC A (A1 and A2), B, C, and D) based on site class D. For rehabs where the old LFD map is needed for reference, use Fig. 751.9.1.3.3 Seismic Map to determine seismic performance categories (SPC A, B, C and D).
	Bridge Standard Drawings: NA	
	MicroStation Cells: NA	
	Std. Specifications: NA	
	Standard Plans: NA	
	Bridge Special Provisions: NA
