ADDENDUM NO. 1

DATE: August 12, 2024

PROJECT: Dexter Shared Use Path – Phase III

LETTING DATE: August 21, 2024 At 10:00 AM (Local time)

LOCATION: Dexter City Hall

OWNER: City of Dexter, MO

ENGINEER: Smith & Co. of Poplar Bluff, Missouri

See the following clarifications for each subject listed below:

SUBJECT: Questions and Answers

1. Is there a steel bridge included in the project. It looks like plan sheet 2 note #11, calls for the bridge to be pre-engineered truss style -weathering steel finish. I didn't see any bridge plans included in the plan set I came across and was wondering if it was missing or if the bridge was on a future or past phase.

No, there is no bridge associated with this project. General Notes 11 and 12 on sheet 2 of the project plans should be ignored.

2. Is there an engineer's estimate or budget/range for this project?

Yes, there is an engineer's estimate and it will be provided with the Final Bid Tabulation after bid opening and bid review. The Engineer's Estimate will not be provided during the advertisement period. The Budget Range or Estimate Range is \$500,000 to \$700,000

3. The plans are only showing 66 SF of signs. Bid sheet says 260 SF. Which one is it?

Sheet 7 and 13 of the plans, each crossing gets 8 signs:

- Eight (8): W11-2 signs (30" x 30" each)
- Four (4): W16-7P signs (12" x 24" each)
- Four (4): W16-9P signs (12" x 24" each)

Total Square Footage for Item 19 Pedestrian Crossing Signage should be 66 sf.

4. Bid Item No. 4 is listed as "Compacting Embankment". Does this mean there will be no fill material needed to be hauled in?

The general intent for this project is to grade what's there, but the site does not balance. Item No. 4 should be labeled as Embankment Compacted In-Place. Please note that the quantities provided in the contract documents are for bidding purposes only. It will be the contractor's responsibility to ensure that sufficient materials are available or made available in order to provide a complete and functional project.

5. Will Smith be taking care of the testing and layout on this one?

Smith&Co. will provide initial site layout (centerline of proposed path) and control points. The contractor will be responsible for any additional site staking during construction.

Smith&Co. will provide inspection and material testing.

6. Type 1/5 Base for the bid item "Chat" and is the Chat 4"?

Cross Country Track is described as Aggregate Surface Course per Section 310 of MoDOT standard specifications for Highway Construction. Material shall be in accordance with Section 1006.

Cross Country Track is proposed 4" thick.

7. MODOT doesn't typically crackfill their expansion joints. You have a detail for it. Also, we typically sawcut the contraction joints, the details show hand tooled. Can you clarify?

Joint details shown are standard details per approved design and are in accordance with MoDOT standard specifications. Sawcutting joints will be allowed.

SUBJECT: Revised Specifications

- Section 500 – Requisite Documents:
 - Basis of Bids is replaced with the attached.
 - Itemized Bid: Bid Schedule is replaced with the attached.
 - State Wage Rates: State and Federal Wage Rates have been revised and are replaced with the attached.

Sincerely,

SMITH & CO.
ENGINEERS

Justin Roberts, P.E.
Project Manager

BASIS OF BIDS

PART 1 - GENERAL

1. GENERAL

- A. The basis of bids is a general description of the work and materials which shall be included in the bid items listed on the bid proposal. Bid item prices shall generally reflect the scope of work described below. It shall be understood by the bidder that the total bid price listed on the bid proposal shall represent total compensation for the entire project based on the estimated quantities given. Due to the complex nature of this project, some overlap of work items is inevitable and some minor items may not be included below. It is the contractor's responsibility to be sure that all work items are included in his/her bid prices.
- B. Payment after the award of the contract will be based on the number of units completed for unit price items or on the percentage of each lump sum item for the work that has been completed or as outlined in the specifications. Payment will not be made for items that have not been complete.

2. LIST OF BID ITEMS – BASE BID

- A. Item No. 1 – Mobilization/Demobilization (Section 618):
 - 1. This item shall consist of all preparatory work and operation necessary to start and end work on this project except as provided in separate pay items and shall be made payable to the contractor according to the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.
 - 2. Method of Payment: **Lump Sum**
- B. Item No. 2 – Demolition and Removals (Section 202):
 - 1. This item shall consist of all labor, equipment and materials associated with the removal and disposal of all existing improvements from the construction area, except improvements designated or permitted to remain in place or to be removed under other items of work necessary to provide a complete and functional project as outlined on the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.
 - 2. Method of Payment: **Lump Sum**.
- C. Item No. 3 – Class A Excavation (Section 203):
 - 1. This item shall consist of all labor, equipment and materials associated with the excavation of soil at the trail and drainage excavation. This item also consists of the removal and disposal of excess material including rock and any other items necessary to provide a complete and functional project as outlined on the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.
 - 2. Method of Payment: **Cubic Yard**.
- D. Item No. 4 – Embankment Compacted In Place (Section 203):
 - 1. This item shall consist of all labor, equipment and materials associated with the furnishing and placement of embankment necessary to provide a complete and functional project as outlined on the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.
 - 2. Method of Payment: **Cubic Yard**.
- E. Item No. 5 – Cross Country Track (Aggregate Surface) (Section 310)
 - 1. This item shall consist of all labor, equipment and materials associated with the placement of chat, gravel or crushed stone surfacing for the purpose of the cross country track as outlined on the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including

Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.

2. Method of Payment: **Square Yard**

- F. Item No. 6 – Aggregate Base Course (4” Thick) (Section 304)
1. This item shall consist of all labor, equipment and materials associated with the placement of Type 1 or Type 5 aggregate for base as outlined on the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.
 2. Method of Payment: **Square Yard.**
- G. Item No. 7 – Remove and Replace Driveway Pavement (JSP)
1. This item shall consist of all labor, equipment and materials necessary to remove and replace the paved school entrance driveway along Central Drive. This shall include all saw cutting, removals, grading, compaction and placement of base and pavement necessary to tie into the existing driveway and road and promote positive drainage and functionality of the driveway and Shared Use Path as shown on the plans and described in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 1, 2023.
 2. Method of Payment: **Square Yard**
- H. Item No. 8 – 6” Concrete Shared Use Path Pavement (Section 608):
1. This item shall consist of all labor, equipment and materials associated with the construction of ADA compliant 6” concrete Shared Use Path. This item shall also include all requirements and expansion joints and any other items necessary to provide a complete and functional project as outlined on the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 1, 2023.
 2. Method of Payment: **Square Yard.**
- I. Item No. 9 – Trench Drane and Grate (JSP):
1. This item shall consist of all labor, equipment and materials associated with the construction of ADA compliant concrete pavement swale and grate. This item shall also include all requirements and expansion joints and any other items necessary to provide a complete and functional project as outlined on the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 1, 2023.
 2. Method of Payment: **Square Yard.**
- J. Item No. 10 – 6x6 Area Inlet (JSP):
1. This item shall consist of all labor, equipment and materials associated with the installation of a new 6’ x 6’ area inlet, lid, grated opening, piping connection and other incidental items as outlined in the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.
 2. Method of Payment: **Each.**
- K. Item No. 11 – 48” Reinforced Concrete Pipe - RCP (Section 724):
1. This item shall consist of all labor, equipment and materials associated with the installation of 48” reinforced concrete pipe including excavation, bedding, backfill, compaction, banded connections, flared end sections and anything else necessary to provide a complete and functional project as outlined in the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.
 2. Method of Payment: **Linear Feet.**

- L. Item No. 12 – 18” Corrugated Metal Pipe - CMP (Section 724):
1. This item shall consist of all labor, equipment and materials associated with the installation of a new 18” corrugated metal pipe including excavation, bedding, backfill, compaction, banded connections, flared end sections and anything else necessary to provide a complete and functional project as outlined in the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.
 2. Method of Payment: **Linear Feet.**
- M. Item No. 13 – 18” Dual Wall HDPE (Section 724):
1. This item shall consist of all labor, equipment and materials associated with the installation of 18” Dual wall HDPE Pipe including excavation, bedding, backfill, compaction, banded connections, flared end sections and anything else necessary to provide a complete and functional project as outlined in the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.
 2. Method of Payment: **Linear Feet.**
- N. Item No. 14 – 18” Drain Basin (JSP):
1. This item shall consist of all labor, equipment and materials associated with the installation of a new 18” drainage basin, lid, grated opening, piping connection and other incidental items as outlined in the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.
 2. Method of Payment: **Each.**
- O. Item No. 15 – 12” Dual Wall HDPE (Section 724):
1. This item shall consist of all labor, equipment and materials associated with the installation of 12” Dual wall HDPE Pipe including excavation, bedding, backfill, compaction, banded connections, flared end sections and anything else necessary to provide a complete and functional project as outlined in the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.
 2. Method of Payment: **Linear Feet.**
- P. Item No. 16 – 12” Drain Basin (JSP):
1. This item shall consist of all labor, equipment and materials associated with the installation of a new 12” drainage basin, lid, grated opening, piping connection and other incidental items as outlined in the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.
 2. Method of Payment: **Each.**
- Q. Item No. 17 – 10” Dual Wall HDPE (Section 724):
1. This item shall consist of all labor, equipment and materials associated with the installation of 10” Dual wall HDPE Pipe including excavation, bedding, backfill, compaction, banded connections, flared end sections and anything else necessary to provide a complete and functional project as outlined in the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.
 2. Method of Payment: **Linear Feet.**
- R. Item No. 18 – 10” Drain Basin (JSP):
1. This item shall consist of all labor, equipment and materials associated with the installation of a new 10” drainage basin, lid, grated opening, piping connection and other incidental items as outlined in the

project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.

2. Method of Payment: **Each.**

S. Item No. 19 – Pedestrian Crossing Signage (Section 903):

1. This item shall consist of all labor, equipment and materials associated with the installation and use of highway signage for the pedestrian crossings to include signs, posts, hardware and anything else necessary to provide a complete and functional project as outlined on the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 1, 2023. All traffic control devices shall be in accordance with the MUTCD and any applicable safety and design codes.

2. Method of Payment: **Square Feet.**

T. Item No. 20 – Hand Railing:

1. This item shall consist of all labor, equipment and materials associated with the furnishing and installation of hand railing, as outlined on the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.

2. Method of Payment: **Linear Foot.**

U. Item No. 21 – Detectable Warning Surfaces (Section 903):

1. This item shall consist of all labor, equipment and materials associated with the installation of detectable warnings and truncated domes associated with the description and layout of the sidewalk as necessary to provide a complete and functional project as outlined on the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 1, 2023.

2. Method of Payment: **Square Feet.**

V. Item No. 221 – Crosswalk Striping (Section 620):

1. This item shall consist of all labor, equipment and materials associated with the placement of a crosswalk with Type A epoxy and anything necessary to provide a complete and functional project as outlined on the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 1, 2023.

2. Method of Payment: **Linear Feet.**

W. Item No. 23 – Silt Fence (Section 806):

1. This item shall consist of all labor, equipment and materials associated with the installation of silt fence as outlined on the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023, Missouri Standard Specifications for Highway Construction – October 01, 2023.

2. Method of Payment: **Linear Foot.**

X. Item No. 24 – Seeding and Mulching (Division 800):

1. This item shall consist of all labor, equipment and materials associated with the site restoration by seeding and mulching as outlined on the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 01, 2023.

2. Method of Payment: **Acre.**

Y. Item No. 25 – Temporary Traffic Control – Construction Signs (Section 1063):

1. This item shall consist of all labor, equipment and materials associated with the installation and use of construction signs, posts, bases, maintenance of signs, relocation, and reuse of signs within the project

limits, and anything else necessary to provide a complete and functional project as outlined on the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 1, 2023. All traffic control devices shall be in accordance with the MUTCD and any applicable safety and design codes.

2. Method of Payment: **Square Feet.**

Z. Item No. 26 – Temporary Traffic Control – Barricades (Section 1063):

1. This item shall consist of all labor, equipment and materials associated with the installation and use of construction barricades, posts, bases, maintenance, relocation, and reuse within the project limits, and anything else necessary to provide a complete and functional project as outlined on the project plans and in the Missouri Standard Specifications for Highway Construction 2023, including Supplemental Specifications to 2023 Missouri Standard Specifications for Highway Construction – October 1, 2023. All traffic control devices shall be in accordance with the MUTCD and any applicable safety and design codes.

2. Method of Payment: **Each.**

ITEMIZED BID: THE BIDDER SHOULD COMPLETE THE FOLLOWING SECTION IN ACCORDANCE WITH SEC 102.7. THE BIDDER PROPOSES TO FURNISH ALL LABOR, MATERIALS, EQUIPMENT, SERVICES, ETC. REQUIRED FOR THE PERFORMANCE AND COMPLETION OF THE WORK, AS FOLLOWS:

STATE WAGE RATES

GENERAL

The following is a list of required wage rates that must be paid at a minimum to all employees of the Contractor and any Subcontractors for Work on this project. In the case of conflicts between two or more rate requirements, the highest rate shall be paid.

REQUIRED WAGE RATES

- A. Official Wage Rate Issue for this Work: Use the latest modification as of 10 days prior to the scheduled date to open bids. Any modifications subsequent to this date shall not be used.
- B. The appropriate wage rates issued as of the Advertisement for Bids shall be attached hereto. 10 days prior to the scheduled date to open bids or as available, the Owner shall transmit to all prospective bidders, by addendum, the latest wage rates issued if a change has occurred. Each Bidder is ultimately responsible for ensuring that the appropriate wage rates are used in the calculation of his or her bid.
- C. Required State Prevailing Wage:
 - 1. Missouri Division of Labor Standards, Annual Wage Order No. 31, Section 107, Stoddard County, revised 4/17/2024

PENALTIES

- A. The Contractor shall forfeit a penalty to the Owner of ten dollars (\$10.00) per day per violation if a worker is paid less than the prevailing rate for any Work done under the Contract by the Contractor or by any Subcontractor under them.
- B. The Owner shall withhold and retain amounts due and owing as a result of any violation of the Prevailing Wage Law.

SPECIAL BONDING REQUIREMENTS

- A. The Contractor shall include provisions in all Bonds required for this Work that will guarantee the faithful performance of these wage rate requirements.

CERTIFIED PAYROLLS

- A. Weekly Certified Payrolls shall be prepared by the Contractor and each Subcontractor and there kept on file for a period of one year following the completion of the Work.
- B. Certified Payrolls shall contain clear record of all hours worked by all workers employed on this Contract indicating the employee's work classification (occupational title); hours worked and rate of pay.
- C. Prior to submitting requests for partial payment and preferably each week, the Contractor shall submit Certified Payrolls to the Owner along with Certified Payrolls for each Subcontractor for review and public record.
- D. The Contractor shall submit a copy of all Certified Payrolls to the Engineer as they are submitted to the Owner for review by the Engineer.

FINAL CERTIFICATION

A. Before final payment will be made for the Work, the Contractor shall submit an Affidavit of Compliance with the Prevailing Wage Law to the Owner.

WAGE AND HOUR SECTION

MICHAEL L. PARSON, Governor

Annual Wage Order No. 31

Section 107
STODDARD COUNTY

In accordance with Section 290.262 RSMo 2000, within thirty (30) days after a certified copy of this Annual Wage Order has been filed with the Secretary of State as indicated below, any person who may be affected by this Annual Wage Order may object by filing an objection in triplicate with the Labor and Industrial Relations Commission, P.O. Box 599, Jefferson City, MO 65102-0599. Such objections must set forth in writing the specific grounds of objection. Each objection shall certify that a copy has been furnished to the Division of Labor Standards, P.O. Box 449, Jefferson City, MO 65102-0449 pursuant to 8 CSR 20-5.010(1). A certified copy of the Annual Wage Order has been filed with the Secretary of State of Missouri.

Use Heavy Construction Rates on Highway and Heavy construction in accordance with the classifications of construction work established in 8 CSR 30-3.040(3).

Use Building Construction Rates on Building construction in accordance with the classifications of construction work established in 8 CSR 30-3.040(2).

If a worker is performing work on a heavy construction project within an occupational title that is not listed on the Heavy Construction Rate Sheet, use the rate for that occupational title as shown on the Building Construction Rate Sheet.

*The Division of Labor Standards received fewer than 1,000 reportable hours for this occupational title. Public works contracting minimum wage is established for this occupational title using data provided by Missouri Economic Research and Information Center.

**The Prevailing Hourly Rate includes any applicable fringe benefit amounts for each occupational title.

OVERTIME and HOLIDAYS

OVERTIME

For all work performed on a Sunday or a holiday, not less than twice (2x) the prevailing hourly rate of wages for work of a similar character in the locality in which the work is performed or the public works contracting minimum wage, whichever is applicable, shall be paid to all workers employed by or on behalf of any public body engaged in the construction of public works, exclusive of maintenance work.

For all overtime work performed, not less than one and one-half (1½) the prevailing hourly rate of wages for work of a similar character in the locality in which the work is performed or the public works contracting minimum wage, whichever is applicable, shall be paid to all workers employed by or on behalf of any public body engaged in the construction of public works, exclusive of maintenance work or contractual obligation. For purposes of this subdivision, "**overtime work**" shall include work that exceeds ten hours in one day and work in excess of forty hours in one calendar week; and

A thirty-minute lunch period on each calendar day shall be allowed for each worker on a public works project, provided that such time shall not be considered as time worked.

HOLIDAYS

January first;
The last Monday in May;
July fourth;
The first Monday in September;
November eleventh;
The fourth Thursday in November; and
December twenty-fifth;

If any holiday falls on a Sunday, the following Monday shall be considered a holiday.

Superseded General Decision Number: MO20230001

State: Missouri

Construction Types: Heavy and Highway

Counties: Missouri Statewide.

HEAVY AND HIGHWAY CONSTRUCTION PROJECTS

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(1).

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022:	. Executive Order 14026 generally applies to the contract. . The contractor must pay all covered workers at least \$17.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2024.
If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022:	. Executive Order 13658 generally applies to the contract. . The contractor must pay all covered workers at least \$12.90 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2024.

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at <http://www.dol.gov/whd/govcontracts>.

GROUP 2: Air tugger w/air compressor; anchor-placing barge; asphalt spreader; atehy force feeder loader (self-propelled); backfilling machine; backhoe-loader; boat operator-push boat or tow boat (job site); boiler, high pressure breaking in period; boom truck, placing or erecting; boring machine, footing foundation; bull- float; cherry picker; combination concrete hoist & mixer (such as mixer mobile); compressor (when operator runs throttle); concrete breaker (truck or tractor mounted); concrete pump, such as pump-crete machine; concrete saw (self-propelled), concrete spreader; conveyor, large (not self-propelled), hoisting or moving brick and concrete into, or into and on floor level, one or both; crane, hydraulic-rough terrain, self-propelled; crane hydraulic-truck or cruiser mounted-under 16 tons; drilling machines, self-powered use for earth or rock drilling or boring (wagon drills nd any hand drills obtaining power from other sources including

concrete breakers, jackhammers and barco equipment-no engineer required); elevating grader; engineman, dredge; excavator or powerbelt machine; finishing machine, self-propelled oscillating screed; forklift; grader, road with power blade; highlift. greaser; hoist, stack, hydro-hammer; loading machine (such as barber-greene); machanic, on job site; mixer, pipe wrapping machines; plant asphalt; plant, concrete producing or ready-mix job site; plant heating-job site; plant mixing-job site; plant power, generating-job site; pumps, two through six self-powered over 2""; pumps, electric submersible, two through six, over 4""; quad-track; roller, asphalt, top or sub-grade; scoop, tractor drawn; spreader box; sub-grader; tie tamper; tractor-crawler, or wheel type with or without power unit, power take-offs and attachments regardless of size; trenching machine; tunnel boring machine; vibrating machine automatic, automatic propelled; welding machines (gasoline or diesel) two through six; well drilling machine

GROUP 3: Conveyor, large (not self-propelled); conveyor, large (not self-propelled) moving brick and concrete distributing) on floor level; mixer two or more mixers of one bag capacity or less; air tugger w/plant air; boiler, for power or heating on construction projects; boiler, temporary; compressor (mounted on truck; curb finishing machine; ditch paving machine; elevator; endless chain hoist; form grader; hoist, one drum regardless of size; lad-a-vator; manlift; mixer, asphalt, over 8 cu. ft. capacity, without side loader, 2 bag capacity or more; mixer, with side loader, regardless of size; pug mill operator; pump, sump-self-powered, automatic controlled over 2"" during use in connection with construction work; sweeper, street; welding machine, one over 400 amp.; winch operating from truck; scissor lift (used for hoisting); tractor, small wheel type 50 h.p. & under with grader blade & similar equipment; Oiler on dredge and on truck crane.

GROUP 4: Boat operator-outboard motor (job site); conveyor (such as con-vay-it) regardless of how used; sweeper, floor

HOURLY PREMIUMS:

Backhoe, hydraulic	
2 cu. yds. or under without oiler	\$2.00
Certified Crane Operator	1.50
Certified Hazardous Material Operator	1.50
Crane, climbing (such as Linden)	.50
Crane, pile driving and extracting	.50
Crane, with boom (including jib) over 100' (from pin to pin) add \$.01 per foot to maximum of	4.00
Crane, using rock socket tool	.50
Derrick, diesel, gas or electric, hoisting material and erecting steel (150' or more above ground)	.50
Dragline, 7 cu. yds. and over	.50
Hoist, three (3) or more drums in use	.50
Scoop, Tandem	.50
Shovel, power - 7 cu. yds. or more	.50
Tractor, tandem crawler	.50
Tunnel, man assigned to work in tunnel or tunnel shaft	.50
Wrecking, when machine is working on second floor or higher	.50

c. PAID HOLIDAYS: Christmas Day, Independence Day, Labor Day, Memorial Day, Veterans Day, New Years Day, Thanksgiving Day

d. PAID VACATION: 3 days paid vacation for 600 hours of service in any one contract year; 4 days paid vacation for 800 hours of service in any one contract year; 5 days paid vacation for 1,000 hours of service in any one contract year. When such an employee has completed 3 years of continuous employment with the same employer and then works the above required number of hours, he shall receive double the number of days of vacation specified above. When such an employee has completed 10 years of continuous employment with the same employer and then works the above required number of hours, he shall receive triple the number of days of vacation specified above. When such an employee has completed 15 years of continuous employment with the same employer and then works the above required number of hours, he shall receive 4 times the number of days of vacation specified above.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

=====
Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other

health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

State Adopted Rate Identifiers

Classifications listed under the "SA" identifier indicate that the prevailing wage rate set by a state (or local) government was adopted under 29 C.F.R. 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 01/03/2024 reflects the date on which the classifications and rates under the "SA" identifier took effect under state law in the state from which the rates were adopted.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator

(See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

END OF GENERAL DECISION"
