

**VERY IMPORTANT – Payment Information**

For MoDOT to process payments, we need an invoice from your agency/organization. Your agency/organization must have a MODOT Missouri BUYS Vendor Number. Please check with your Treasurer or Chief Financial Officer for this number (10 to 11 digits). If your agency/organization has received payments from the state of Missouri within the last 5 years, there will be a Mo BUYS Vendor number. We realize that PTA or other volunteer groups may be hosting these events, in this case the groups are encouraged to use their school's vendor number (if they have one) and the payment will go to the schools' bank account. If this occurs the arrangement between the parent group and the school will be your responsibility.
