

ANDREW COUNTY I-29 ACCELERATION LANE

The southbound U.S. Route 71 ramp onto southbound Interstate 29 in Andrew County was identified as a safety-improvement project. To allow motorists more time to merge onto the interstate, the Missouri Department of Transportation plans to extend the acceleration lane. MoDOT will also be regrading the slopes near the on-ramp to eliminate guardrail.

PROJECT TIMELINE

Contractor Bid & Award

This project will be a part of the May 2025 letting when contractors will be able to submit competitive bids to construct the project. The Missouri Highways and Transportation Commission will review all bids and awards at the June 2025 meeting.

Project Construction

This project currently has a July 2025 notice to proceed, which is the earliest date the contractor may begin work. When the contract is awarded, the contractor will work with MoDOT to determine the exact schedule of work.
