**Codes:**
- **C** = Required coatings, where **E** = Epoxy Coated and **G** = Galvanized.
- **SH** = Required shape, see bending diagrams.
- **V** = Sets of varied bars and number of bars of each length. Bar dimensions vary in equal increments between dimensions shown on this line and the following line and the actual length dimension shown on this line and the following line vary by the specified increment.

**Details:**
- All bars shall be Grade 60.
- Dimensions are based on out to out dimensions shown in bending diagrams and are listed to the nearest inch for fabricator's use. Actual lengths are measured along centerline bar to the nearest inch. Weights are based on actual lengths.

**Note:**
- This drawing is not to scale. Follow dimensions.

**Check:**
- Sheet No. of detailed checked.
