The attached revisions hereby supersede any and all data with which they may conflict as indicated on the Drawings, Specifications and related documents issued in the original set and any previous addendums. Each trade is responsible for changes in its work caused by changes in the work of other trades. This addendum is a part of and shall be attached to the original set of plans and specifications for the work.

Notification: There have been no changes or addendums prior to this addendum.

CLARIFICATIONS:

1. Contractor Question

- a. A contractor inquired about completing asphalt work with the project completion date being January 15th, 2024. The contractor may choose to do a temporary gravel road meeting substantial completion requirements by January 15th, 2024 that will allow the road to re-open to the public. The contractor then must return to the project site and complete the asphalt road in the spring of 2024.

There are no other clarifications or changes included with this Addendum.
