

South Street (Business 65) Widening

Ozark

Project Facts:

- ◆ Widen South Street (Business 65) to five lanes between 19th Street and 6th Street
- ◆ Widen intersection of South Street/Selmore Road/3rd Street; adding turn lanes for northbound and southbound traffic
- ◆ Install new storm drains and curb and gutter along South Street
- ◆ Install new sidewalks in areas along South Street

Construction: 2018-2019

Traffic Impacts:

- ◆ Lane closings on South Street during lower traffic volume times
- ◆ Traffic shifts away from construction work
- ◆ Entrances to homes/businesses closed one-half at a time or completely, if two entrances exist

Estimated Project Cost: \$8.5 million

Partnership:

- ◆ City of Ozark
- ◆ Missouri Department of Transportation
