MEASURES OF DEPARTMENTAL PERFORMANCE

Every MoDOT employee is responsible for delivering outstanding customer service. We strive to be respectful, responsive, and clear in all our communication. We want to build strong relationships with our transportation partners, our customers and each other.

Tom Blair **District Engineer** 

#### **MEASUREMENT DRIVER:**

Sally Oxenhandler **District Communications** Manager

#### **PURPOSE OF** THE MEASURE:

This measure tracks MoDOT's progress toward the mission of delighting its customers.

#### **MEASUREMENT AND DATA COLLECTION:**

Data is collected through a biennial, in odd-numbered years, telephone survey of approximately 3,500 randomly selected Missourians. Benchmarking data is provided by the American Customer Satisfaction Index.

The target for this measure is updated annually in October for the next calendar year. The target for this measure was set by management directive.

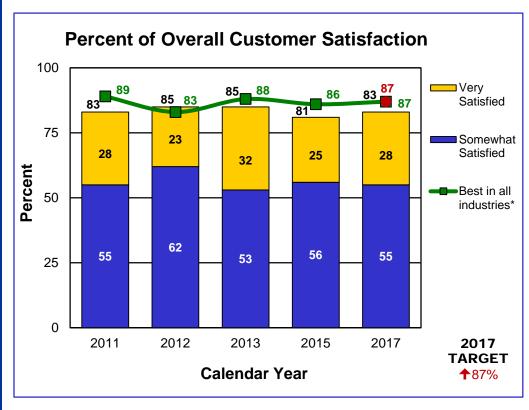

### **PROVIDE OUTSTANDING CUSTOMER SERVICE**

#### Percent of overall customer satisfaction – 3a

Customer satisfaction with MoDOT continues to remain high. Eighty-three percent of Missourians surveyed said they were satisfied with the job MoDOT is doing, up from 81 percent in 2015. In addition, those customers reporting they are very satisfied with MoDOT increased from 25 percent to 28 percent.

Data compiled by the American Customer Satisfaction Index in 2017 shows Chick-fil-A as having the highest customer satisfaction rate – 87 percent – out of the hundreds of companies and government agencies the ACSI scores.

As in 2015, the 2017 Report Card from Missourians shows that the condition of roads and bridges remains the most important transportation service to customers. The fact that Missourians' satisfaction with MoDOT's efforts to maintain roads and bridges increased in 2017 could explain the increase in overall customer satisfaction.

\*2010-2011 - Lincoln Mercury, 2012 - Apple, Inc., 2013 - Mercedes Benz, 2015 - Chick-fil-A, 2017 - Chick-fil-A

Gregg Ochoa Senior Communications Specialist

## PURPOSE OF THE MEASURE:

This measure tracks the percent of customers who view MoDOT as a leader and expert in transportation issues. The measure shows how effectively MoDOT conveys its expertise to the traveling public.

## MEASUREMENT AND DATA COLLECTION:

Data is collected through a biennial, in odd-numbered years, telephone survey of approximately 3,500 randomly selected Missourians. The target for this measure is updated annually in October for the next calendar year. This target is established by projecting a 10 percent improvement over a five-year average.

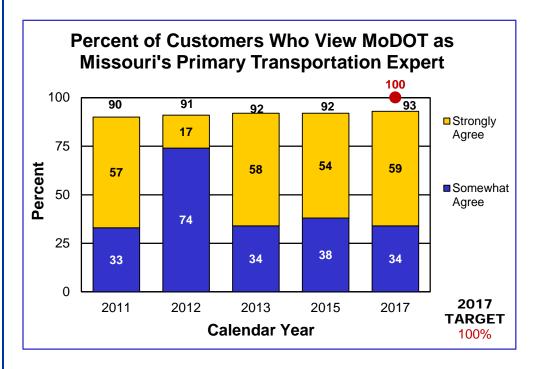

## PROVIDE OUTSTANDING CUSTOMER SERVICE

## Percent of customers who view MoDOT as Missouri's transportation expert – 3b

As the agency responsible for transportation in Missouri, MoDOT must hold its lead as an expert in the field. The department should serve as the frontrunner – representing the best transportation options for Missouri and partnering with state and national organizations and others to deliver a strong transportation system.

The 2017 survey shows an overwhelming majority of customers perceive the department as Missouri's transportation expert. Ninety-three percent of those surveyed agreed MoDOT serves this role, a percentage the department has consistently maintained since 2009. Of the 93 percent, 59 percent of respondents "strongly agreed" and 34 percent "somewhat agreed" MoDOT serves as the state's primary transportation expert.

The department continues to work on improving partnerships with all Missourians, including local government, elected officials and transportation-related groups and organizations in order to deliver the very best possible transportation system with the resources available.

#### **PURPOSE OF** THE MEASURE:

This measure tracks the percent of customers who trust MoDOT to keep its commitments. Public trust is an important component in building support for transportation issues.

#### **MEASUREMENT AND DATA COLLECTION:**

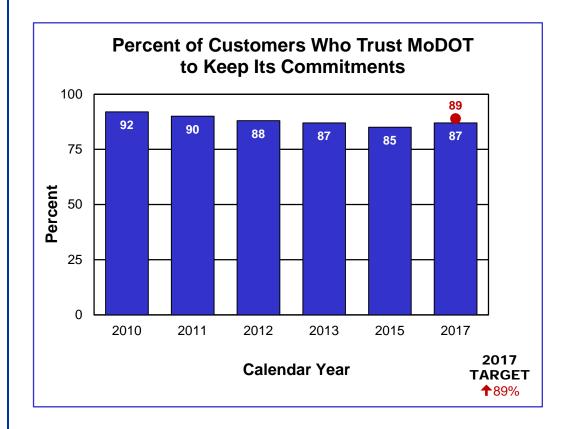

Data is collected through a biennial. in odd-numbered years, telephone survey of approximately 3,500 randomly selected Missourians. The target for this measure is updated annually in October for the next calendar year. The target for this measure was set by management directive.

### **PROVIDE OUTSTANDING CUSTOMER SERVICE**

### Percent of customers who trust MoDOT to keep its commitments to the public – 3c

Gaining and keeping the public's trust is critical to MoDOT's overall success. The best way MoDOT can accomplish this is to deliver on the commitments it makes.

The 2017 survey results indicated 87 percent of the residents trust MoDOT to keep its commitments to the public compared to 85 percent in the previous survey. Although this is only a 2 percent increase, it puts us back up to where MoDOT was in 2013.

#### **MEASUREMENT DRIVER:**

Jennifer Williams **Communications Manager** 

#### **PURPOSE OF** THE MEASURE:

This measure tracks whether customers feel MoDOT provides timely, accurate and understandable information about road projects, highway conditions and work zones.

#### **MEASUREMENT AND DATA COLLECTION:**

Data is collected through a biennial, in odd-numbered years, telephone survey of approximately 3,500 randomly selected Missourians. The target for this measure is updated annually in October for the next calendar year. The target for this measure was set by management directive.

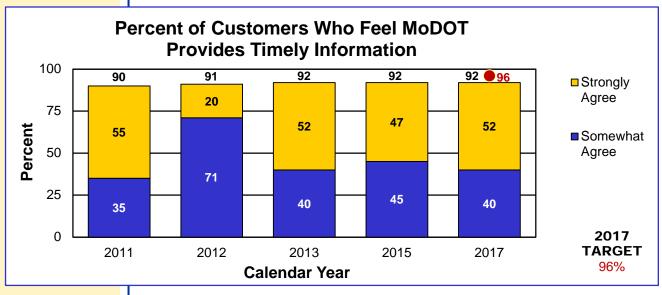

### **PROVIDE OUTSTANDING CUSTOMER SERVICE**

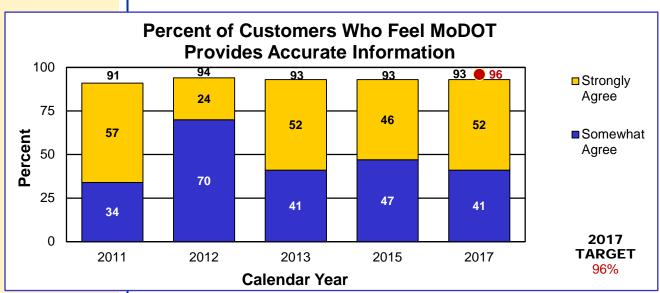

Percent of customers who feel MoDOT provides timely, accurate and understandable information - 3d

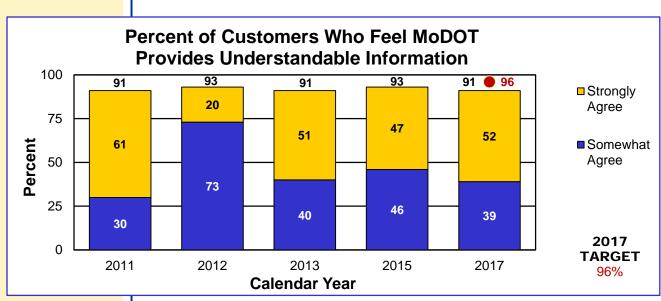

Just like well-maintained roads and bridges, MoDOT delivers information. The citizens of Missouri expect timely, accurate and understandable information from their department of transportation. Whether it's a news release, e-update, text alert or a notice of a public meeting, MoDOT makes every effort to get the word out as quickly and as clearly as possible. The results of this effort are public trust and respect. With numbers consistently above 90 percent agreement for the past five years, this measure shows the department meets customers' high expectations.

## PROVIDE OUTSTANDING CUSTOMER SERVICE

Tom Blair District Engineer

## MEASUREMENT DRIVER:

Tammy Wallace Senior Communications Specialist

## PURPOSE OF THE MEASURE:

This measure shows how satisfied customers who contact MoDOT are with the politeness, clarity and responsiveness they receive.

## MEASUREMENT AND DATA COLLECTION:

Data for this measure comes from a monthly telephone and e-mail survey of 200 customers who contacted a MoDOT customer service center in the previous month. The customer contacts come from call reports logged into the customer service database. Survey participants are asked to respond on an agreement scale regarding three qualities of their experiences. A fourth question is asked regarding their overall satisfaction. This measure also includes the time to complete requests logged into the customer service database. Requests requiring more than 30 days to complete are removed to prevent skewing the overall results.

The target for this measure is updated quarterly. This target is established by projecting a 10 percent improvement over a five-year average.

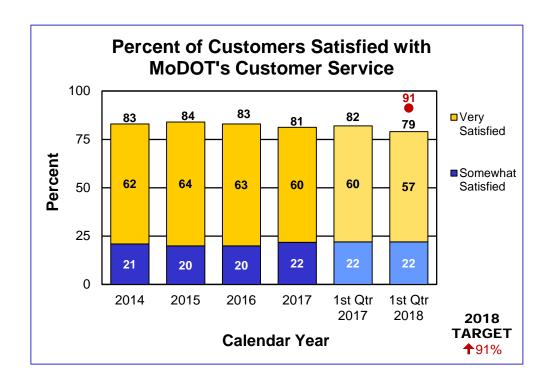

## PROVIDE OUTSTANDING CUSTOMER SERVICE

## Percent of customers satisfied with MoDOT's customer service – 3e

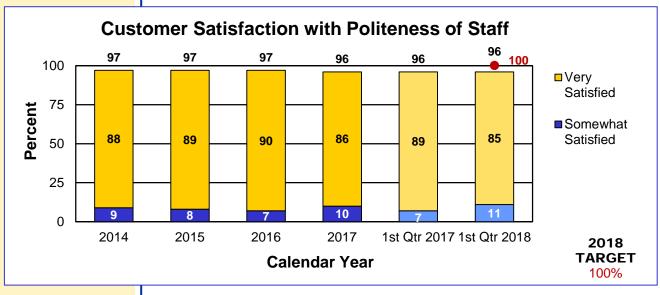

MoDOT actively seeks feedback from the customers it serves. MoDOT uses a statewide call system and an enhanced online call report system that enables customer service representatives to work across seven district boundaries in a one-team approach. Since its implementation, customer perceptions of MoDOT's politeness, responsiveness and clarity increased, resulting in improved customer satisfaction.

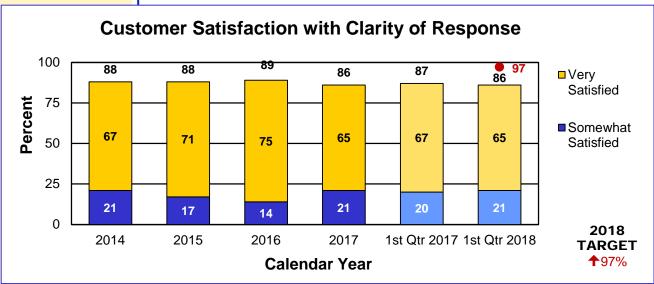

There was slight movement in numbers comparing first quarter 2017 to first quarter 2018. Overall customer satisfaction decreased to 79 percent from 82 percent, which is below the 91 percent target. Politeness of response remained the same at 96 percent. Customers who were satisfied with the clarity of the response they received was down slightly from 87 percent to 86 percent and responsiveness was down from 88 percent to 87 percent.

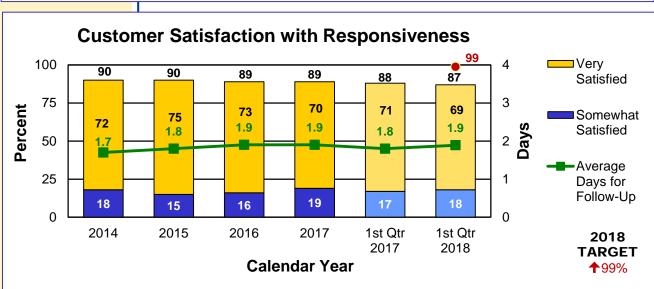

The average time to complete customer requests was just under 2 days (1.9 days).

## PROVIDE OUTSTANDING CUSTOMER SERVICE

#### **MEASUREMENT DRIVER:**

Chris Kelly **Communications Manager** 

#### **PURPOSE OF** THE MEASURE:

This measure tracks the number of MoDOT customers hitting the department's social media and website information.

#### **MEASUREMENT AND DATA COLLECTION:**

MoDOT gathers information for this measure from a variety of sources including Google Analytics. Website traffic and YouTube information are cumulative totals based on visits. Facebook and Twitter information is based on account followers. The target for this measure is updated quarterly. This target is established by projecting a 7 percent improvement over the same quarter in the previous year.

## **PROVIDE OUTSTANDING CUSTOMER SERVICE**

### Customer communication engagement - 3f

Good organizations share information with the people they serve. The best, most-trusted organizations engage customers in conversation. MoDOT often interacts with its customers through Internet-based social media networking websites and applications. MoDOT's social media accounts continue to attract followers. When comparing the third quarters of fiscal years 2017 and 2018, there was a growth of 46,770 followers on Facebook statewide and 19,712 to Twitter statewide.

During the third quarter of FY 2018, the most popular social media post on the statewide Facebook page was a graphic of a DMS board that said "Pass on Left, Drive on Right" and also asked people to comment on other ways that people can drive politely. The post reached 77,120 people with 6,600 engagements including post clicks, shares, comments and reactions.

MoDOT websites trended upward when making yearly comparisons with 2,395,954 sessions on MoDOT websites during the third quarter of FY 2018; compared to 1,833,746 in the third quarter of FY 2017. This is an overall increase of 562,208 sessions. The higher numbers are due to a long winter and late winter weather events, with minor flooding in the southern parts of the state causing an increase in traffic.

The top five pages on MoDOT's website for this quarter were:

- Traveler Information Map 1,187,292
- MoDOT Homepage 363,108
- KC Scout Homepage 272,558
- Job Listings 56,695
- Gateway Guide Homepage 55,434

MoDOT videos on YouTube were viewed 1,605,944 times in the third quarter of FY 2018. Numbers now include views through SaveMOLives YouTube account. The spike in numbers when compared to last quarter is largely due to the Buckle Up/Phone Down media campaign-push on the SaveMOLives channel last quarter.

The top five videos viewed in the last quarter were:

- Buckle Up/Phone Down Coach 359,925 views
- Tow Plow Action TowPlow Action Missouri 210,530 views
- MoDOT Teen Seatbelt 2018 Pt. 1 181,084 views
- MoDOT March Imparied 2018 158,516 views
- MoDOT Big Game Drive Sober 82,815 views
