J4P3373
MO 58, Cass County
Replace Bridge No. K0498 over Big Creek in Pleasant Hill.
PM: James Burgess
J4P3373
MO 58, Cass County
Replace Bridge No. K0498 over Big Creek in Pleasant Hill.
PM: James Burgess

Consultant Scope of Services:

• **Surveying** - all field surveying including mapping, bridge survey report, geotechnical layout, right of way staking and location survey.
• **Geotechnical** - all work necessary for the project including bridge and potential retaining walls.
• **Roadway Design** - preparation of conceptual, preliminary, right of way and final design plans.
• **Bridge Design** - preparation of bridge memorandum, layout, final bridge design for the new bridge.
• Consultant will submit milestone Requests for Environmental Services (RES).
J4P3373
MO 58, Cass County
Replace Bridge No. K0498 over Big Creek in Pleasant Hill.
PM: James Burgess

• Replace existing Bridge No. K0498 over Big Creek.
• Additional right-of-way/easements may be necessary.
• The road/bridge will be closed during construction.
• Minimal utility relocation expected.
• Public meeting/hearing will be necessary.
• Construction Cost estimate: $ 865,000
• Letting: January 2021
J4I3024 & J4I3024B
Interstate -70, Jackson County
Replace the existing bridges on Blue Ridge Boulevard over US 40 and I-70.
PM: James Burgess
J4I3024 & J4I3024B
Interstate -70, Jackson County
Replace the existing bridges on Blue Ridge Boulevard over US 40 and I-70.
PM: James Burgess

Looking North
J4I3024 & J4I3024B
Interstate -70, Jackson County
Replace the existing bridges on Blue Ridge Boulevard over US 40 and I-70.
PM: James Burgess

Looking East
J4I3024 & J4I3024B  
Interstate -70, Jackson County  
Replace the existing bridges on Blue Ridge Boulevard over US 40 and I-70.  
PM: James Burgess

Consultant Scope of Services:

- **Surveying** - all field surveying including mapping, bridge survey report, geotechnical layout, right of way staking and location survey.
- **Geotechnical** - all work necessary for the project including bridge and potential retaining walls.
- **Roadway Design** - preparation of conceptual plan, possible preliminary, right of way and final design plans.
- **Bridge and Wall Design** - preparation of bridge memorandum, layout, final bridge design for the new bridge.
- Consultant will submit milestone Requests for Environmental Services (RES).
Replace the existing bridges on Blue Ridge Boulevard over US 40 and I-70.
PM: James Burgess

Scope of Project:
• Replace existing Blue Ridge Blvd Bridge No. L0997over I-70.
• Interchange geometrics.
• Additional right-of-way/easements will be necessary.
• The road/bridge will be closed during construction.
• Minimal utility relocation expected.
• Public meeting/hearing will be necessary.
• Construction Cost estimate: $6.02 M
• Letting: January 2023
J4S3375
Peculiar Drive, Cass County
Replace the existing bridge on Peculiar Dr. over East Creek
PM: Mark Fisher
J4S3375
Peculiar Drive, Cass County
Replace the existing bridge on Peculiar Dr. over East Creek
PM: Mark Fisher
Consultant Scope of Services:

- **Surveying** - all field surveying including mapping, bridge survey report, geotechnical layout, right of way staking and location survey.

- **Geotechnical** - all work necessary for the project including bridge and potential retaining walls.

- **Roadway Design** - preparation of conceptual, preliminary, right of way and final design plans.

- **Bridge Design** - preparation of bridge memorandum, layout, final bridge design for the new bridge.

- Consultant will submit milestone Requests for Environmental Services (RES).
Scope of Project:

• Replace existing Peculiar Dr. Bridge over East Creek (near 195th & I-49).
• Additional right-of-way/easements may be necessary.
• Adjacent RR bridge.
• The road/bridge will be closed during construction.
• Minimal utility relocation expected.
• Construction Cost estimate: $900k
• Letting: January 2021
J4S3380
Baltimore Ave., Jackson County
Replace the existing bridge on Baltimore Ave. over I-670.
PM: Mark Fisher
J4S3380
Baltimore Ave., Jackson County
Replace the existing bridge on Baltimore Ave. over I-670.
PM: Mark Fisher
J4S3380
Baltimore Ave., Jackson County
Replace the existing bridge on Baltimore Ave. over I-670.

J4S3380
Baltimore Ave., Jackson County
Replace the existing bridge on Baltimore Ave. over I-670.
PM: Mark Fisher

Consultant Scope of Services:

- **Surveying** - all field surveying including mapping, bridge survey report, geotechnical layout, right of way staking and location survey.
- **Geotechnical** - all work necessary for the project including bridge and potential retaining walls.
- **Roadway Design** - preparation of conceptual, preliminary, right of way and final design plans.
- **Bridge Design** - preparation of bridge memorandum, layout, final bridge design for the new bridge.
- Consultant will submit milestone Requests for Environmental Services (RES).
J4S3380
Baltimore Ave., Jackson County
Replace the existing bridge on Baltimore Ave. over I-670.
PM: Mark Fisher

Scope of Project:
• Replace existing Baltimore Ave. Bridge over I-670.
• Additional right-of-way/easements may be necessary.
• KCMO bridge aesthetic treatments.
• The bridge will be closed during construction.
• Construction Cost estimate: $3.2M
• Letting: January 2021
J4P3009 & J4P3009B
Chipman Rd., Jackson County
Replace the existing bridges on US 50 over Chipman Road & interchange improvements.
PM: Mark Fisher
J4P3009 & J4P3009B
Chipman Rd., Jackson County
Replace the existing bridges on US 50 over Chipman Road & interchange improvements.
PM: Mark Fisher
J4P3009 & J4P3009B
Chipman Rd., Jackson County
Replace the existing bridges on US 50 over Chipman Road & interchange improvements.
PM: Mark Fisher
J4P3009 & J4P3009B
Chipman Rd., Jackson County
Replace the existing bridges on US 50 over Chipman Road & interchange improvements.
PM: Mark Fisher
J4P3009 & J4P3009B
Chipman Rd., Jackson County
Replace the existing bridges on US 50 over Chipman Road & interchange improvements.
PM: Mark Fisher

Consultant Scope of Services:

• **Surveying** - all field surveying including mapping, bridge survey report, geotechnical layout, right of way staking and location survey.

• **Geotechnical** - all work necessary for the project including bridge and potential retaining walls.

• **Roadway Design** - preparation of conceptual, preliminary, right of way and final design plans.

• **Bridge Design** - preparation of bridge memorandum, layout, final bridge design for the new bridge.

• Consultant will submit milestone Requests for Environmental Services (RES).
J4P3009 & J4P3009B
Chipman Rd., Jackson County
Replace the existing bridge on US 50 over Chipman Road & interchange improvements.
PM: Mark Fisher

Scope of Project:
• Replace I-470 twin bridges over Chipman Rd.
• Additional right-of-way/easements may be necessary.
• Profile change likely. Additional EB 50 3rd lane extension to help weave between I-470 and Chipman.
• Chipman road improvements through interchange.
• Stage construction keeping I-470 open during construction.
• Construction Cost estimate: $5.6M
• Letting: December 2021
J4I3288
Rte. AA & BB, Jackson County
Replace the twin bridges on I-70 over Route AA/BB.
PM: Mark Fisher
J4I3288
Rte. AA & BB, Jackson County
Replace the twin bridges on I-70 over Route AA/BB.
PM: Mark Fisher
J413288
Rte. AA & BB, Jackson County
Replace the twin bridges on I-70 over Route AA/BB.
PM: Mark Fisher

Consultant Scope of Services:

- **Surveying** - all field surveying including mapping, bridge survey report, geotechnical layout, right of way staking and location survey.
- **Geotechnical** - all work necessary for the project including bridge and potential retaining walls.
- **Roadway Design** - preparation of conceptual, preliminary, right of way and final design plans.
- **Bridge Design** - preparation of bridge memorandum, layout, final bridge design for the new bridge.
- Consultant will submit milestone Requests for Environmental Services (RES).
Scope of Project:

- Replace existing twin I-70 bridges over Route AA/BB/Buckner Tarsney Road in Grain Valley.
- Additional right-of-way/easements may be necessary.
- New bridges will accommodate future 3<sup>rd</sup> lane to the inside.
- Possible profile changes.
- Stage construction during construction will be necessary.
- Construction Cost estimate: $6.8 M
- Letting: December 2021
J4S3174
Rte. T, Lafayette County
Replace the existing bridge on Route T over I-70.
PM: Mark Fisher
J4S3174
Rte. T, Lafayette County
Replace the existing bridge on Route T over I-70.
PM: Mark Fisher
J4S3174
Rte. T, Lafayette County
Replace the existing bridge on Route T over I-70.
PM: Mark Fisher
J4S3174
Rte. T, Lafayette County
Replace the existing bridge on Route T over I-70.
PM: Mark Fisher

Consultant Scope of Services:

- **Surveying** - all field surveying including mapping, bridge survey report, geotechnical layout, right of way staking and location survey.

- **Geotechnical** - all work necessary for the project including bridge and potential retaining walls.

- **Roadway Design** - preparation of conceptual, preliminary, right of way and final design plans.

- **Bridge Design** - preparation of bridge memorandum, layout, final bridge design for the new bridge.

- Consultant will submit milestone Requests for Environmental Services (RES).
Replace the existing bridge on Route T over I-70.
PM: Mark Fisher

Scope of Project:

• Replace existing Route T bridge over I-70.
• Additional right-of-way/easements may be necessary.
• Vertical profile change may be necessary.
• The road/bridge will be closed during construction.
• Construction Cost estimate: $2.4M
• Letting: January 2023
J4S3389
67th St., Jackson County
Replace existing bridge over I-435
PM: Mark Fisher
J4S3389
67th St., Jackson County
Replace existing bridge over I-435
PM: Mark Fisher
J4S3389
67th St., Jackson County
Replace existing bridge over I-435
PM: Mark Fisher
Consultant Scope of Services:

- **Surveying** - all field surveying including mapping, bridge survey report, geotechnical layout, right of way staking and location survey.
- **Geotechnical** - all work necessary for the project including bridge and potential retaining walls.
- **Roadway Design** - preparation of conceptual, preliminary, right of way and final design plans.
- **Bridge Design** - preparation of bridge memorandum, layout, final bridge design for the new bridge.
- Consultant will submit milestone Requests for Environmental Services (RES).
J4S3389
67th St., Jackson County
Replace existing bridge over I-435
PM: Mark Fisher

Scope of Project:
• Replace existing 67th Street bridge over I-435.
• Additional right-of-way/easements may be necessary.
• Possible profile change.
• The road/bridge will be closed during construction.
• Construction Cost estimate: $3.2M
• Letting: January 2021
J4S3386
53rd Terrace, Clay County
Replace existing bridge A1666 over I-435
PM: Juan Yin
J4S3386
53rd Terrace, Clay County
Replace existing bridge A1666 over I-435
PM: Juan Yin

Looking West
J4S3386
53rd Terrace, Clay County
Replace existing bridge A1666 over I-435
PM: Juan Yin

Looking East
J4S3386
53rd Terrace, Clay County
Replace existing bridge A1666 over I-435
PM: Juan Yin

Looking North
Consultant Scope of Services:

- **Surveying** - all field surveying including mapping, bridge survey report, geotechnical layout, right of way staking and location survey (if needed).
- **Geotechnical** - all work necessary for the project including bridge and potential retaining walls.
- **Roadway Design** - preparation of conceptual, preliminary, right of way (if needed) and final design plans.
- **Bridge Design** - preparation of bridge memorandum, layout, final bridge design for the new bridge.
- Consultant will submit milestone Requests for Environmental Services (RES).
Scope of Project:

- Replace existing 53rd Street bridge A 1666 over I-435.
- Additional right-of-way/easements are not expected.
- Possible profile change.
- The road/bridge will be closed during construction.
- Construction Cost estimate: $2.0M
- Letting: February 2021
J4S3290
Rte FF over Rush Creek
Bridge Replacement
PM: Jodie Puhr
J4S3290
Rte FF over Rush Creek
Bridge Replacement
PM: Jodie Puhr
J4S3290
Rte FF in Platte County
Bridge Replacement over Rush Creek
PM: Jodie Puhr
Consultant Scope of Services:

- **Surveying** – preliminary surveying for bridge survey complete; will need verification and any additional survey
- **Geotechnical** - all work necessary for the project including bridge and potential retaining walls.
- **Roadway Design** - preparation of conceptual, preliminary, right of way (potential) and final design plans.
- **Bridge Design** - preparation of bridge memorandum, layout, final bridge design for the new bridge.
Scope of Project:

- Replace existing bridge over Rush Creek.
- The road/bridge will be closed during construction.
- Construction Cost estimate: $625,000
- December 2020 letting
