

Consultant Bridge Time/Cost Card

Guidelines

- The costs should include overhead and profit. Direct costs such as printing and travel should also be included.
- Amounts should include all hours and costs invoiced that are attributable to bridge design and plans preparation up to the point of turning in the signed and sealed plans. It should not include the hours attributable to preparing the bridge survey, final construction cost estimate, or workday study.
- Hydraulics should be included with prelim bridge design.
- Hours for managing the bridge design should be included.
- Hours for other tasks (i.e. survey, roadway, geotech, etc.) should not be included.
