

PHELPS COUNTY ROUTE HH BRIDGE REPLACEMENT OVER SPRING CREEK

PROJECT OVERVIEW

Planned Improvements

The Phelps County Route HH bridge over Spring Creek, north of Rolla, is slated for replacement in 2027. Planned improvements include:

- New 24-foot-wide, two-lane bridge. Two feet wider than the current bridge.
- Replacing current railings with new barriers.
- Installing new guardrail, pavement marking, and approach pavement.

Current Project Timeline

Jan. 2026: Contractors submit competitive bids.
Feb. 2027: Missouri Highways and Transportation Commission may award contract.
March 2027: If awarded in January, earliest contractor may begin work.
Dec. 2027: Anticipated project completion.

Traffic Impacts

Construction is expected to take place in 2027. The roadway is expected to be closed for roughly five months, subject to change.

Construction will require a full roadway closure. No detour will be signed, but motorists will be alerted well ahead of the closure to use an alternate route.
