

J5P3199 - Morgan County Route 50 & Route 5 North Intersection Improvements

Frequently Asked Questions

What is the purpose of this Public Input Page?

The purpose of this public input page is to provide details of the planned improvements and to notify adjacent property owners how the improvements will effect their properties.

What is the purpose of the project?

The purpose of this project is to improve the safety and operation of the intersection of Route 50 with Route 5 North in Morgan County.

Why is this work necessary?

Currently large vehicles find it difficult to safely and efficiently navigate the intersection of Route 50 with Route 5 North. MoDOT seeks to improve the operation and safety of the intersection, and the Route 50 corridor in general, by installing right and left turn lanes to improve the access to Route 5 North.

When will the work take place?

The intersection improvements will be constructed in combination with an overlay of Route 50 in Morgan and Moniteau Counties beginning in the spring of 2021 with an anticipated completion by the winter of 2021.

Will additional right of way be needed to construct this project?

Additional right of way will be required to construct the improvements and the preliminary plans show the approximate limits of right of way required to construct the improved intersection of Route 50 and Route 5 North.

What will be the project cost?

Construction costs are estimated to be \$950,000 for the intersection improvements with approximately \$4.6 million to overlay Route 50 in Morgan and Moniteau counties.

What is the next step?

Detailed design of the intersection will be completed and used to determine the exact right of way needs for the construction of the improvements. MoDOT representatives will contact affected property owners in 2020 to negotiate the purchase of the right of way required to construct the improvements.

How can I learn more?

You may learn more by contacting us toll-free at 1-888-ASK-MoDOT (275-6636) or by visiting us at www.modot.org/central.
