

Callaway County
Multiple Bridge Improvements
Public Meeting
October 4, 2016

Frequently Asked Questions

What is the purpose of tonight's meeting?

The purpose of tonight's meeting is to provide information on plans for improvements on 12 bridges in Callaway County. The proposed work will improve safety for motorists who utilize the bridges.

Why is this work necessary?

The bridges are in need of deck replacement, rehabilitation, or total structure replacement. Most of the bridges are decades old and in need of improvement.

How will traffic be affected?

The bridges needing deck replacement or total structure replacement will require full closure of the affected roadways during construction. For those locations, motorists will be provided alternate routes around the work areas. Those bridges requiring rehabilitation on Route 54 will be done one lane at a time under traffic.

When will the work take place?

Work on all 12 bridges is scheduled for 2017.

Will additional right of way be needed to construct these projects?

All work will be done within existing state right of way. No additional right of way will be needed.

What will the projects cost?

The costs will vary by each project but the total cost for all 12 bridges is approximately \$8.0 million. This includes one full replacement, five deck replacements, and six rehabilitations.
