## **Purpose of MoDOT's Affirmative Action Plan**

The Missouri Department of Transportation (MoDOT or Department) is committed to Equal Employment Opportunity (EEO) and fully utilizes the Affirmative Action Plan (AAP) as a way to continue to strive for this goal. The overall intention of affirmative action is to develop a workforce that is complimentary and reflective of the racial, ethnic, and gender profiles of the labor pools from which the department recruits and selects employees.

The following plan includes MoDOT's self-examination of its workforce and employment practices over the course of the past year. Additionally, the plan includes MoDOT's action plan for the following fiscal year that will be used in an attempt to correct deficiencies in the areas of equal employment opportunity.

MoDOT's Affirmative Action plan contains a diagnostic component which includes a number of quantitative analyses designed to evaluate the composition of the workforce and compare it to the composition of relevant labor pools.

The AAP includes specific practical steps designed to address underutilization. The plan also includes an internal auditing and reporting system as a means of measuring the department's progress toward achieving the workforce that would be expected in the absence of discrimination. As part of the AAP, the department monitors and examines its employment decisions and compensation systems to evaluate their impact on women and minorities.

The plan includes policies, practices, and procedures that the department implements to ensure that all qualified applicants and employees are receiving an equal opportunity for recruitment, selection, advancement, and every other term and privilege associated with employment. Affirmative Action, ideally, is a part of the way the department regularly conducts its business.

The AAP is used to evaluate MoDOT's EEO/AA practices; determine areas for improvement; keep track of the responsibilities of the EO Director and all managers responsible for ensuring the AAP is followed; and track the progress toward attaining the stated goals and action programs.

## **Introduction and Background**

On March 22, 1913, the Missouri Legislature created the Missouri State Highway Department. In 1979, voters of the State passed a constitutional amendment merging the State Highway Department with the Department of Transportation, becoming the Missouri Highways and Transportation Department. In 1996, the Missouri Highways and Transportation Department became the Missouri Department of Transportation (MoDOT or Department) by legislative action. The Missouri Highways and Transportation Commission (MHTC or Commission), a six-member bipartisan board, governs the Department. Commission members are appointed by the governor and are confirmed by the Missouri Senate. No more than three commission members may be of the same political party. The Commission is responsible for appointing the MoDOT Director.

The Department operates under a combined central and regionally decentralized organization, with a Central Office in Jefferson City. The Central Office provides staff assistance and functional control for the various departmental tasks in seven geographical districts. Each district is under the direction of a District Engineer, who is responsible for administering department activities within the district.

MoDOT is committed to providing the public with safe and modern transportation system. MoDOT's mission is to provide a world-class transportation system that is safe, innovative, reliable and dedicated to a prosperous Missouri. The department is responsible for maintaining the seventh largest state highway system nationally with 33,859 miles of highway and 10,385 bridges. In addition to designing, building, and maintaining roads and bridges, MoDOT works to improve airports, river ports, freight development, railroads, public transit systems and pedestrians and bicycle travel. The agency also administers motor carrier and highway safety programs. MoDOT's fiscal year 2021 appropriations of \$3.1 billion provides funding for all of the services mentioned above.

MoDOT has responsibilities for five major transportation alternatives available to Missourians -- highways, aviation, waterways, transit and railroads. Those responsibilities include the total operation of the 33,859 mile highway system, including highway location, design, construction and maintenance.

In addition, the Department cooperates and coordinates with owners and operators of the four other modal systems in the development and improvement of airports, rail facilities, ports and the operational cost of all transit systems.

Central Office divisions include:

**Equal Employment Opportunity (EEO) Policy Statement****41 C.F.R. 60-2.17**

It is the policy of MoDOT to uphold federal and state statutes and regulations and to promote equal employment opportunities in all its employment and business activities. This policy extends to recruitment, employment, training and development, promotion, transfer, disciplinary action, policy administration, compensation and benefits.

The Affirmative Action Plan (AAP) is a plan of positive action to overcome the present effects of past policies or practices that were barriers to equal employment of women, African Americans, Hispanic/Latinos, Asian/Pacific Islanders, American Indians and any other groups that have been found historically to be underutilized in the workforce or otherwise adversely affected. In our AAP, we identify the causes of imbalance and achievements that have been made through the application of our good faith efforts.

The Department strives to create a positive work environment that provides employees the opportunities to maximize their skills and abilities. Any employee found to have engaged in discrimination, harassment (including sexual) or retaliation will be subject to disciplinary action that could include termination.

The success of our diversity/affirmative action programs require appropriate allocation of resources, various industry expertise and unwavering support from leadership. Additionally, the program success requires thoughtful planning, persistence, understanding, dedication, patience and cooperation from all department employees.

We pledge our continued support and commitment to achieve the goals within this plan in a fair and impartial manner. We expect all supervisory personnel to adhere to this policy by carrying out their affirmative action responsibilities with the same vigor and effectiveness as all of their other responsibilities.

**Equal Opportunity and Diversity Division (EODD)**

The EODD is responsible for implementing the department's equal employment, affirmative action, diversity and inclusion programs throughout the districts/divisions to ensure consistency with federal and state regulations and statutes.

Key functions of the EODD consist of overseeing the Regional Diversity and Inclusion Conferences, generating State and Federal mandated Affirmative Action and Equal Employment Opportunity reports, coordinating diversity and inclusion education, coordinating Employee Resources Groups (ERG's) for the department, and creating programs to foster a diverse and inclusive workforce, assisting districts and management teams with diversity/EEO efforts, and serving as a liaison on various committees throughout the state.

**Regional Diversity and Inclusion Conferences**

In 2010, EODD began working with each of the seven districts to host local Diversity and Inclusion Conferences. The EODD staff is responsible for working with personnel in the districts to develop and promote a conference agenda specific to the needs of the given area. EODD personnel provide assistance with looking for, and booking, speakers who are well versed in appropriate topics, finding an acceptable venue, developing satisfaction surveys and program evaluations, inviting attendees and other duties as they develop. This program is currently on hold until further notice.

**State and Federal mandated AA and EEO reports**

The EODD develops quarterly reports to track the number of minorities and females who are employed, separated and promoted. The division also develops the Workforce Diversity Plan for the State Office of Administration and the Affirmative Action Plan for the Federal Highway Administration on an annual basis.

**Diversity and Inclusion Education for Employees**

The EODD staff is responsible for fulfilling educational requests that are submitted by the districts and divisions. In addition to all the requested events, EODD provides monthly events to educate employees on various diversity, inclusion and equity topics. It is the staff's responsibility to create the content and send out invitations to MoDOT employees. The trainings are conducted by a member of EODD or by an external consultant.

### **Diversity and Inclusion Programs**

The EODD sponsors several programs within the Department in order to foster a workplace that appreciates diversity and is inclusive of everyone. The programs are as follows:

*Mentor Program* – The EODD facilitates the mentor program for the Department. MoDOT's mentoring program is designed to assist with professional development and enhance the Department by promoting a diversified and talented workforce. The program provides employees with career guidance and support through the establishment of mentoring partnerships. Employees can contact the EODD to get advice on selecting a mentor, things to talk about during their mentor session and other tips to ensure a successful mentor partnership. In addition to providing tips to employees, the EODD works to ensure minorities and women are utilizing the mentor program in an effective manner. The EODD also conducts evaluations every fiscal year to review employee satisfaction with the program and receive feedback for continuous program improvement.

*Youth Transportation Conference* - MoDOT sponsors an annual Youth Transportation Conference (YTC) during the month of July in Jefferson City, MO, which is coordinated by the EODD. The YTC is designed to encourage young people from diverse backgrounds to consider careers in engineering and other transportation related fields. The EODD is responsible for conducting outreach and recruitment for the conference with schools, formalizing an educational agenda, and acting as the lead chaperones. This program is currently on hold until further notice.

The conference exposes students from across Missouri to the numerous career opportunities in the fields of transportation and civil engineering. Students apply math, science and computer concepts to solving real-world transportation engineering problems and learn how to identify and evaluate the social and environmental impacts associated with these transportation systems. The camp is free to students entering 9th, 10th, 11th and 12th grades to provide an academic and professional enrichment opportunity for students who may otherwise not have access to a program of this magnitude. The conference recruits and welcomes students from across the state with diverse backgrounds, included but not limited to: varied socio-economic status, rural and urban areas, public, private, and home schools. Additionally, increased efforts to reach underrepresented minorities and females are made. This six day conference is packed with fun and exciting academic, career development and social activities.

Internship Program – The Human Resources Division administers the Department's Internship Program in conjunction with the EODD. EODD staff assists with school visits, recruitment and conducting interviews for potential placement in the Department.

The Internship Program is a training program that gives students a chance to “earn while they learn” by providing them with progressive professional opportunities during the summer months. The program has an emphasis on recruiting students interested in civil engineering, business, criminal justice, computer science and other related fields.

The EODD coordinates an annual Intern Conference hosted in Jefferson City, Missouri. The EODD staff is responsible for developing the agenda that includes opportunities for professional development and networking with senior leaders in the Department. The conference provides participants with an opportunity to meet other interns from different departments and divisions across the state and to visit other MoDOT buildings.

Partners in Education - The Partners in Education program is organized through the Jefferson City Area Chamber of Commerce. Their mission is to promote the collaboration of the Jefferson City area business and education communities, provide programs that enable students to achieve academic excellence and enhance economic growth with quality schools. MoDOT's partner school is Thomas Jefferson Middle School in Jefferson City, MO. Each year, the EODD coordinates a Transportation Day held at this school which involves providing hands-on transportation related activities for the students. This program is currently on hold until further notice.

Employee Resource Groups – The EODD is responsible for assisting with developing and maintaining functional employee resource groups in the department. These are employee-led groups made up of individuals who voluntarily join together based on common interests, background, or demographic factors such as gender, race or ethnicity. Their objective is to provide an organizational resource where employees can learn and grow, while also providing a platform for employee voices to be heard, valued and engaged.

Employee Advisory Council – The Employee Advisory Council (EAC) is comprised of MoDOT employees from all seven districts and Central Office. They function as an advocate for employees needs and concerns while assisting management with cultural diversity, policy review and communication issues. The importance and value of this group is highly recognized, resulting in a seat by the EAC chairperson on the Senior Management Team.

*Diversity Education Course Catalog* – The Diversity Education Course Catalog is a compilation of 22 courses developed by the EODD staff. The course book allows employees to select from a variety of courses that may fit their training need at any time. The course book will improve access to trainings and allow more people to select trainings that are right when they are needed.

These organizations are also encouraged to refer applicants.

## **Identification of Problem Areas**

### **41 CFR 60-2.17(b)**

We have conducted in-depth analyses of our total employment process, including the workforce by district and job group, personnel activity, compensation and other personnel procedures to determine whether, and where, impediments to equal employment opportunity exist. An analysis of each of these processes follows.

#### **Composition of the Workforce by District**

Of the 8 areas in this AAP, 8 or 100% include minorities and 8 or 100% include females. Our analysis by district and Central Office reveals that minorities and women are not significantly underrepresented or concentrated in any particular district. This analysis suggests that there is no policy or practice excluding minorities or women from any district, nor is there any racial or sexual discrimination in the selection process.

#### **Composition of the Workforce by Job Group**

We have conducted an availability analysis by job group, taking into account both external and internal availability, and have compared incumbency to estimated availability to determine placement goals. The descriptions of Factor 1 and Factor 2 by job group are summarized in the Availability Analysis. Our findings are as follows:

- A. Our analysis indicates that for minorities:
  - a. Incumbency is less than availability in Office and Clerical (Job Group F)
  - b. Incumbency is less than availability by a statistically significant amount in; Officials and Administrators (Job Group A), and Skilled Craft Workers (Job Group G)
- B. Our analysis indicates that for women:
  - a. Incumbency is less than availability by a statistically significant amount in job groups Officials and Administrators (Job Group A), Professionals (Job Group B)
- C. MoDOT has established affirmative action placement goals and programs to address underutilization, will continue to make a good faith effort to reach the placement goals established and implement action-oriented programs, which are detailed elsewhere in this AAP.

**Development and Execution of Action-Oriented Programs****41 CFR 60-2.17(c)**

Action programs have been instituted to eliminate identified problem areas and to help achieve specific Affirmative Action goals. These programs include, but are not limited to, the following:

*Recruitment:*

- ❑ Disseminate information on job opportunities to organizations throughout the districts, including organizations representing minorities and females.
- ❑ Coordinate District Job Fairs to educate potential seasonal employees about MoDOT and the benefits of working for the department.
- ❑ Provide laptops at career fairs so that participants can complete applications and be able to ask questions if they run into problems.
- ❑ Ensure that our Civil Engineer intern program is diversified so that we can increase our applicant pool of diverse candidates.
- ❑ Increase our female/minority organization contacts for networking purposes to expand our job opportunity distribution, while continuing to utilize the contacts that have been successful in the past.
- ❑ Coordinate Construction Career Days in districts to recruit high school students to trade work.

- ❑ Coordinate Diversity and Inclusion Conferences in all seven districts to continue our development of inclusion in the workplace.
- ❑ Coordinate the MoDOT Mentoring Program and continue to increase female, minority and young professional's participation in the program.
- ❑ Develop a MoDOT Apprenticeship program to provide employees with on-the-job training and classroom instruction

- ❑ Develop Equipment Academy for new employees in maintenance to ensure they are properly trained on equipment.
- ❑ Develop in-house resume writing and interview workshops to help prepare employees for promotions.
- ❑ Develop Employee Resource Group (ERG) called Helping Young Professionals Engage (HYPE) to focus on retaining new and younger employees.
- ❑ Develop additional Employee Resource Groups (ERG's) for employees of diverse demographics.
- ❑ Develop High Performance Supervision (HPS) Training program.

## **Internal Audit and Reporting Systems**

### **41 CFR 60-2.17(d)**

MoDOT believes that one of the most important elements in effectively implementing an Affirmative Action Program is an adequate internal audit and reporting system. Through this system, the total program can be monitored for effectiveness and management can be kept informed. Missouri Department of Transportation's audit and reporting system is designed to:

1. Measure the effectiveness of the AAP/EEO program;
2. Document personnel activities;
3. Identify problem areas where remedial action is needed; and
4. Determine the degree to which Missouri Department of Transportation's AAP goals and objectives have been attained.

The following personnel activities are reviewed quarterly and as necessary and desirable, to ensure nondiscrimination and EEO for all individuals without regard to their race, color, gender, religion or national origin:

1. Selection and hiring rate;
2. Minority and female employment;
3. Transfers/promotions;
4. Disciplinary actions;
5. Terminations; and
6. Any other term, condition, or privilege of employment.

The following documents are maintained as a component of Missouri Department of Transportation's internal audit process:

1. An applicant flow log;
2. Summary data of promotions, resignations, terminations;
3. Summary data of disciplinary actions.

**Support of Community Action Programs**

Recognizing our role as an employer, MoDOT actively seeks to support community action programs designed to improve job skills and/or employment opportunities for minorities and women. During the plan year of July 1, 2019 through June 30, 2020 the department participated in the following community events/meetings/programs:

- ❑ Big Truck and Safety Night - Hannibal Middle School
- ❑ 6<sup>th</sup> Grade Engineering Design Presentation – West Plains Middle School
- ❑ How to Pick a College and Why Engineering is a Team Building Activity – West Plains Middle School

- ❑ Interview Tips and Techniques – Sikeston CTC
- ❑ Big Rig Night at Battlefield Mall
- ❑ Ready.Set.Supply
- ❑ Mark Twain Neighborhood Association Meeting
- ❑ 2020 Multicultural Festival
- ❑ Parents as Teachers “Construction Junction”

- ❑ Seymour Elementary Career Day
- ❑ GOCAPS Teacher Externship
- ❑ GOCAPS Virtual Interview with Teacher Exams
- ❑ GOCAPS Virtual Panel Discussion with Student Engineering
- ❑ Urban League – Save our Sons
- ❑ Jennings Urban League
- ❑ Southeast Annual Bridge Competition
- ❑ ASCE Chapter Meeting
- ❑ Texas Tech National Society of Black Engineers Networking Event
- ❑ Little Big Rig Event – Freemont Elementary
- ❑ Build my Future (Virtual Planning Meeting)

**Recruitment Efforts**

In an effort to consider qualified women and minorities not currently employed by MoDOT, who can be recruited through affirmative action efforts, the department utilized the following resources by sending/posting job announcements to the following organizations and media sources.

## **Organizational Profile**

### **41 C.F.R. 60-2.11**

#### **Purpose**

An organizational profile is a depiction of staffing within the department. The profile provides an overview of the workforce within the department that may assist in identifying organizational units where women and minorities are underutilized or concentrations exist. The department uses a workforce analysis to display the organizational profile.

The following chart sets forth the Workforce Analysis for MoDOT. The analysis identifies the districts at MoDOT and for each district it lists all job titles. For each job title, we provide the following data: salary, total number of incumbents, total number of male and female incumbents and total number of male and female incumbents by racial/ethnic group.

## **Job Group Analysis**

### **41 C.F.R. 60-2.12**

#### **Purpose**

A job group analysis is a method of combining job titles within the department. MoDOT has analyzed its job titles and organized them into relatively homogenous job groups based on similarities among the titles' job content, wage or salary rates and promotional opportunities, in accordance with standard industry practice. The grouping of titles was based on the similar content of job titles as described in the department's job classification system, the relative ranking of the titles in the salary grading system and the opportunities for promotions in the titles as determined from the past promotional records.

## **Determining Availabilities**

### **41 C.F.R. 60-2.14**

Availability is an estimate of the number of qualified minorities and women available for employment in a given job group, expressed as a percentage of all qualified persons available for employment within the job group. The purpose of availability determination is to establish a benchmark against which the demographic composition of the department's workforce can be compared in order to determine whether barriers to equal employment opportunity may exist within particular job groups.

In determining availability, the department considers the following factors:

1. The percentage of minorities or women with the requisite skills in the reasonable recruitment area. The reasonable recruitment area is defined as the geographic area from which the department usually seeks or reasonably could seek workers to fill positions.
2. The percentage of minorities or women among those promotable, transferable and trainable within the department. Trainable refers to those employees within the department who could, with appropriate training the Department can reasonably provide, become promotable or transferable during the AAP year.

The Incumbency vs. Availability (Utilization) Analysis is used to determine the availability of women and minorities with the requisite skills in all of the recruitment sources. Internal availabilities are derived by the reviewing of internal movement over the previous years and considering those movements as feeder pools. Internal feeders are reviewed annually. External availabilities are based on statistical data measured in the 2010 U.S. census based on the 516 standard occupational codes.

The Office of Federal Contract and Compliance Programs (OFCCP) require that availability statistics be considered for at least two factors – internal and external. This means that the department must determine, and place a value or weight, on at least two factors to establish availability. Each factor used in the analysis is given weight to reflect its contribution to the final availability figure. A value weight is a percentage representing the relative number of people the department draws from for staffing each job group.

If the total weighted availability is greater than the current utilization, a shortfall occurs and an analysis is created to determine if the shortfall is significant. The regulations state that at least one statistical evaluation must be performed to determine if there is underutilization:

#### The Any Difference Rule

*There is an underutilization if there is any difference between availability and utilization.*

#### The 80% Rule

*There is underutilization when there is 80% or less of the availability being utilized.*

#### The Whole Person Rule

*There is underutilization when the utilization is less than availability by one whole person.*

#### Significant Difference Rule

*There is underutilization when there is a 2.00 or greater standard deviation.*

The OFCCP regulations define underutilization as “having fewer protected group members in a particular job group than would be expected given their availability.”

MoDOT uses the 80% Rule along with the Whole Person Rule to determine underutilization. When using the Whole Person Rule along with the 80% Rule, a disparity exists if the expected number of females or minorities exceeds the actual number by at least .95 people and the ratio of the percentage of minorities or women to the final availability percentage is less than 80%.

***The Department uses the terms “underutilization” and “problem areas” in this plan to comply with federal and state regulations. As used here, these terms do not constitute any admission of discrimination or any other unlawful conduct. Rather, the terms are used solely in a descriptive capacity for the purposes of complying with applicable regulations.***

The following chart depicts the: Internal/External Factors and the Internal/External Weight Values for each job group.

**Comparing Incumbency to Availability****41 C.F.R. 60-2.15**

The department compares the percentage of minorities and women in each job group to the percentage of minorities and women available in the reasonable recruitment areas who possess the skills to work for MoDOT. When the percentage of minorities or women employed in a particular job group is less than would be reasonably expected given their availability percentage in that particular job group, the department establishes a placement goal.

The Incumbency vs. Estimated Availability report shows the following information:

- Employment percentage of minorities and females in each job group (yellow highlighted groups are underutilized).
- Estimated availability percentage of minorities and females in each job group.
- Statistical significance of areas of underrepresentation (red highlighted groups indicate the underutilization is statistically significant).

For job groups where the employment percentage is less than the availability percentage, a statistical value, also known as the standard deviation, is provided. If the standard deviation is 2.0 or greater it is considered statistically significant.

## **Placement Goals**

### **41 C.F.R 60-2.16**

Annual placement goals have been established for all job groups in which underutilization has been identified. These goals are not rigid or inflexible quotas, but instead are targets against which MoDOT measures itself. These goals have a two-fold purpose: to operate consistently with availability for the period of the plan and ultimately to achieve workforce participation rates that equal availability. Please note that goals are set in accordance with the 80% and Whole Person Rules.

Goal Placement Rate Percentage: The goals are the same as the final availability percentages found on the Availability analysis or the Incumbency vs. Estimated Availability Analysis. **Goals are NOT quotas.** MoDOT uses these goals as measurement tools and to help determine areas that require good faith efforts.

The following outlines our specific action-oriented good faith efforts for fiscal year 2021 for those job groups where placement goals are set:

Internal – we will work with managers to identify high performing minorities and women and encourage these employees to participate in mentorships and other programs that will enhance their skills and improve their promotional opportunities.

External – we will continue to reach out to minority and female organizations and expand our efforts to include new organizations that we have not partnered with in the past. MoDOT will also expand college recruitment to universities that are geared towards minorities.

**FY 2020 Diversity Training Conducted****EEO Training**

The Department requires all new and current employees to have training over Equal Employment Opportunity policies. New employees are required to have this training as part of the New Employee Orientation classes and all existing employees are required to have a refresher course every three years. When an employee is promoted to a position of supervisor or above, they are also required to take an EEO class specifically for supervisors. This training class focuses on the additional responsibility a supervisor will have regarding EEO in the workplace. All of these trainings include topics about: sexual harassment, discrimination, workplace violence, retaliation and diversity.

**Diversity and Inclusion Training Conducted**

In addition to the required EEO training, MoDOT provides opportunities to participate in a variety of other diversity events. The training listed below was attended by one or more of the Department's employees. The instructors for the classes were a combination of MoDOT trainers, computer based and external consultants.

**5. Point out to whom the head of the external program reports.**

The External Civil Rights Director reports directly to the Assistant Chief Engineer and has access to the Director when necessary.

**6. Comprehensively describe any assistance the central EEO organization receives from the district/field offices in connection with the following curriculum.****Contract compliance**

Field personnel are responsible for overall contract enforcement. Part of the enforcement includes compliance with all contractual requirements, including EEO. The field personnel monitor DBE compliance, On-the-Job-Training (OJT) usage, and EEO requirements. In addition, they conduct wage rate interviews and Commercially Useful Function (CUF) reviews. If any red flag situations are encountered, the External Civil Rights staff are notified.

**On-the-Job Training**

Field personnel monitor the use of OJT programs. Contractors notify Resident Engineer offices of individuals to be used, training programs, hours completed, and type of work completed. In addition, they conduct monthly interviews of trainees assigned to projects. Wage rate interviews of on-the-job trainees are also conducted by the field personnel.

Supportive services

Field personnel are not involved in supportive service efforts. ECR staff performs the duties of supportive service efforts for DBE firms and / or individuals designated to fulfill OJT requirements.

**7. Provide a copy of the State's written procedures for implementing the above core components by the central/headquarters EEO team and by district/field personnel. These should be considered within the following light:**

**a. Is there a course of action for investigating complaints against contractors?**

MoDOT has an EEO Manual that is the written source of procedures and processes for enforcement and monitoring all phases of the external program. Recent changes to unit structure, how to investigate complaints, DBE regulations, and processes are outlined in the updated manual. FHWA has a copy of the EEO Manual.

**b. Is there a practice for sanctioning contractors who fail to take good faith efforts to meet the EEO mandates? If so, are all residencies employing the approach across the board?**

MoDOT follows the required procedure for non-compliance. The contractor is issued a 30-day show cause notice and efforts to mediate are initiated. If the contractor submits acceptable corrections and continues to make those efforts, a finding of compliance is made. If the contractor fails to address the concerns, MoDOT will pursue the administrative sanctions available.

**c. Are the measures generally consistent with the FHWA review guidelines (23 CFR 230, Subpart D) and the Division evaluation?**

The procedures are modeled after the FHWA guidelines.

**d. Have the procedures been revised since the last assessment? If so, please describe the specific adjustment. Also, what caused the reconsideration, i.e., lawsuit?**

The procedures have not been revised since the last assessment.

**8. Provide a list of complaints against contractors that were filed with the SHA during the current manufacturing or construction season just completed. Please list the objection(s) by issue (e.g., termination, layoffs, etc.) basis for the grievance (e.g., race, gender, national origin, etc.), and disposition.**

No complaints were filed with the SHA during the most recent construction season.

**9. Denote any restrictions taken against any road builder during the existing production or construction season just completed.**

As of June 30, 2020, MoDOT has issued 4 Voluntary Corrective Action Plans (VCAP) as a result of contract compliance reviews.

Failure to meet the DBE goal, liquidated damages were assessed at \$7,055.13 for BRO B111(011), Wayne County. Failure to meet the DBE goal, liquidated damages were assessed at \$4,422.76 for 16-045B-1, Lake Regional Airport.

**10. Specify directives and / or assistance the district/field personnel have received in EEO external program implementation. Also, please detail any planned guidance.**

MoDOT was unable to host the Civil Rights Contractor Compliance/DBE Training Symposium in April 2020 due to COVID19 pandemic. The AGC / MoDOT Coop meeting was held in December 2019, and the MAPA meeting held in January 2020.

**11. At length, describe the SHA's methodology for ensuring the incorporation of EEO requirements, contained in the following EEO directives, into the SHA compliance program.****a. Form FHWA 1273 (Required Contract Provisions).**

Form FHWA 1273 is included in all MoDOT contracts. In addition, unit personnel have incorporated a review of contracts and subcontracts in the compliance review process. Failure to include the provisions is cited as a deficiency and verification of corrective action is required.

**b. Standard Contract Provisions as required by U.S. Department of Labor's Office.**

Federal Contract Compliance Programs (OFCCP) under Executive Order 11246, are made part of the MoDOT EEO special provision contained in contracts. This packet includes county goals and specific actions required to comply. Unit personnel have incorporated a review of contracts and subcontracts in the compliance review process. Failure to include the provisions is cited as a deficiency and verification of corrective action is required.

**c. Training Special Provisions (23 CFR 230 Subpart A, Appendix B)**

The provisions are included in all federal aid contracts that have been assigned a trainee requirement. The contractor is required to make a good faith effort to comply. MoDOT is in the process of reviewing the compliance sanctions. If the contractor fails to make a good faith effort to meet the goal, they can be assessed liquidated damages. In addition, the contractor performance rating would receive a low score in this area.

**12. Indicate any changes and/or modifications contemplated in the SHA's sanction dealings.**

None.

**13. Indicate the total number of OJT slots or hours approved in calendar year 2020 as of June 30, 2020.**

Thirty trainee slots have been assigned to MoDOT federally-funded projects as of June 30, 2020. This includes OJT goals set for MoDOT and LPA projects.

**14. Indicate the total number of individuals by race, gender and job category that participated as OJT trainees in state year 2020 as of June 30, 2020. In addition, designate the number by race, gender and job category:****A. New trainees during the year as of June 30, 2020**

- D. Were there any six-month follow-ups conducted? If so, what were the results broken down by race, gender and job category?

MoDOT field personnel conduct initial contacts for all new trainees that are on a project. These initial contacts are conducted during the trainee's first two weeks of the project as well as one other time during the project. The trainees are asked a series of questions to ensure the trainee is not being treated unfairly or being discriminated against. In addition, field personnel periodically speak with trainees to make sure they are not having any problems and are also available to all contractor employees on a daily basis.

**15. Make available any SHA written evaluation, which demonstrated the specific impacts of supportive services on the OJT program (i.e., how has supportive services increased the effectiveness of OJT training, trainee retention, trainee completions, etc.).**

While there are no written evaluations available, the OJT SS program has benefited several people throughout the State of Missouri. In speaking to contractors that have hired past graduates, the contractors have reported satisfaction with graduated students hired from OJT SS programs. Missouri has received the following OJT SS funding allotments from FHWA during the construction season:

**FY 2019**

<b>Organization</b>	<b>Amount Funded</b>
To be awarded – pending RFP	\$189,519.74

**16. Describe any planned DBE or OJT supportive services agenda initiatives.**

MoDOT will respond to FHWA's 2021 OJT SS and DBE solicitations during the fall of 2020. In addition, we will continue to provide prime and subcontractor contract compliance training and guidance through our DBE Symposium. Additionally, the ECR office plans to sponsor training sessions with resident engineer offices regarding the monitoring of civil rights issues.

Retaliation: An adverse job action taken against an employee, including, but not limited to, disciplinary action, reduction of duties, change of work assignment, negative performance evaluation, negative reference, or promotion denial as a direct result of an employee's opposition to unlawful employment practices, or because the employee filed a charge, testified, assisted, or participated in a proceeding, investigation, or litigation regarding discrimination, sexual harassment or harassment.

Inclusion/Inclusive: An environment that invites participation and encourages mutual respect and sensitivity for everyone.

### **PROVISIONS / REQUIREMENTS**

1. Any employee found to have engaged in discrimination, harassment, sexual harassment, or retaliation will be subject to discipline, up to and including termination.
2. In an effort to prevent sexual harassment, the department prohibits any consensual social relationship between a management level employee or supervisor and an employee in his/her line of authority. See Personnel Policy 2513, "Workplace Relationships."
3. The Missouri Department of Transportation's Diversity Plan is the Affirmative Action Plan. The plan is a set of results-oriented policies, programs, and procedures designed to prevent discrimination and to promote employment opportunities for minorities and females. The procedures included in the plan, coupled with good faith efforts, are designated to ensure equal employment opportunity. The Diversity Plan serves as a directive to all supervisory and administrative personnel, who are accountable for familiarity with the contents of

the plan, for carrying out their responsibilities in accordance with the plan, and ensuring that all employees and applicants are provided with their right to be free from unlawful discrimination in the hiring and promoting process. Employees can contact their local Human Resources Manager if they would like to view the plan.

  - B. Immediately reporting allegations, observations, reports of discrimination, harassment, sexual harassment, retaliation, or any other inappropriate behavior to a local human resource representative. ## **PURPOSE**

To ensure and promote equal employment opportunity, and to provide an orderly and systematic process for employees to address differences concerning equal employment opportunity.

## **POLICY**

1. Employees who allege discrimination on the basis of race, sex, age, religion, color, national origin, ancestry, disability, sexual orientation, gender identification, veteran status, or genetic information, with regard to the terms or conditions of employment, or retaliation for opposing a practice forbidden by Personnel Policy 0505, "Equal Employment Opportunity," may file an Equal Employment Opportunity (EEO) complaint in writing directly with the Audits and Investigations Director, Missouri Department of Transportation, P.O. Box 270, Jefferson City, Missouri 65102. Employees in the Audits and Investigations (AI) Division who want to file an EEO complaint should write to the Equal Opportunity and Diversity Division (EOD) director at this same address. The EOD director will follow the same procedure as identified for the AI director throughout the remainder of this policy.
2. Salaried and permanent part-time employees who have successfully completed their initial probationary period, who feel they have been terminated as a result of unlawful discrimination or retaliation, may elect to have their appeal handled by the AI Division or the EOD Division (if the termination was the result of an investigation by the AI Division).

PERSONNEL POLICY 2101  
(Continued)

October 1, 2020  
Page 2 of 3

3. An EEO complaint must be filed in writing and received by the AI or EOD director as outlined in paragraph 1 within 30 calendar days of the alleged discrimination or retaliation. The opportunity to file a complaint of discrimination or retaliation will be denied if it is received more than 30 calendar days after the act, occurrence, or omission leading to the complaint, unless a determination is made that the act, occurrence, or omission could not reasonably be detected by the employee until a later date. In such circumstances, the complaint must be filed in writing and received by the appropriate division director within 30 calendar days from the date the act, occurrence, or omission could have reasonably been detected by the employee. The individual filing an EEO complaint must state in writing the basis for the complaint, identify a negative action that occurred, and how there is a connection between the negative action and the basis of the complaint, present all facts which caused the complaint to arise, and describe the corrective action requested.
4. The AI director (or EOD director) will ensure whatever investigation is necessary to establish or validate the facts of the case is conducted. The investigation may include, but will not be limited to, the scheduling of a meeting and/or interviews for the purpose of gathering information from the employee, the supervisor(s), or other employees involved in the matter.

While AI or EOD is interviewing the employee who filed the complaint, the employee will have the option of requesting another person be present. However, this person will not be allowed to represent the employee, including providing legal counsel, or participate in the interview. Advance notice of the name of the person must be provided to the AI or EOD director at least two business days prior to the scheduled interview. Should the AI or EOD director determine the person's presence at the interview would cause disruption to department operations (such as a conflict of interest or safety concern), the person will not be permitted to attend or remain at the interview.

5. After reviewing the circumstances leading to the complaint with the Missouri Department of Transportation director, a summary of the information regarding the complaint will be presented to the Missouri Highways and Transportation Commission (Commission) at a subsequent meeting for review and final disposition. The AI director (or EOD director) will notify the employee and supervisors in writing of the Commission's final disposition and, if appropriate, action that will be taken as soon as practical.
6. All steps should be carried out within a reasonable time period unless there are extenuating circumstances, such as extended absence of personnel involved, etc. The employee will be kept generally informed of the status of the EEO complaint.

7. Any investigation, correspondence, etc., involved in the proceedings of an EEO complaint handled by the AI director (or EOD director) should be treated as confidential information to minimize publicity and embarrassment to all parties concerned; however, anonymity cannot be promised to persons (public or employees) who provide information as part of the investigation. The identity of persons who provide information and the information provided shall only be disclosed to those who have a legitimate need to know. Intimidation, coercion, or retaliation of any kind against individuals who exercise their rights to file a complaint or against those individuals who assist in the investigation of a complaint will not be tolerated.
8. The Commission and appointed officials of the Missouri Department of Transportation hold a responsibility to fairly and effectively carry out designated functions, and nothing in this procedure precludes this responsibility or authority to do so.

### *Policy 2100: Grievance Procedure*

---

<b>MISSOURI DEPARTMENT OF TRANSPORTATION</b>    <b>PERSONNEL POLICY MANUAL</b>	<b>Chapter Title</b> Grievances and Complaints		
	<b>Policy Title</b> Grievance Procedure		
	<b>Policy Number</b> 2100	<b>Page</b> 1 of 5	<b>Effective Date</b> January 1, 2020
<b>Approved By:</b> Steve Meystrik, Human Resources Director Signature on File	<b>Supersedes Policy Number</b> 2100	<b>Page</b> 1 of 6	<b>Prior Effective Date</b> September 5, 2018

## **POLICY STATEMENT**

The department shall provide an orderly and systematic process for resolving differences of opinion between the department and its employees on issues that arise outside the scope of Personnel Policy 0505, "Equal Employment Opportunity" (which uses the grievance process in Personnel Policy 2101), or except as otherwise exempted pursuant to department policy. This procedure is not intended to eliminate employees' rights to communicate directly with the Audits and Investigations (AI) Director or informally with any level of management, through administrative channels, at any time they may have a concern or a question which has not been satisfactorily answered under this policy.

## **PROCEDURES**

1. Except for those employees listed in paragraph 10, any full-time or permanent part-time employee who has completed his/her initial probationary period and feels unfairly treated by an action taken or omitted by the department may file a grievance. A grievance must be filed in writing and received by the appropriate department representative noted in this policy, no later than 30 calendar days after the act, occurrence, or omission leading to the grievance. The grievance will be denied if it is not received by the appropriate department representative within 30 calendar days of the act, occurrence, or omission leading to the grievance, unless a determination is made that the act, occurrence, or omission could not reasonably be detected by the employee until a later date. In such circumstances, the grievance must be filed in writing and received within 30 calendar days from the date the act, occurrence, or omission could have reasonably been detected by the employee.
2. Appeals of verbal and written warnings must be filed in writing with the local Human Resources (HR) manager for review by the relevant district engineer or

## PERSONNEL POLICY 2100

Page 2 of 5

division leader/state engineer (Step 2 of the process defined in paragraph 5 below). Such appeals must be received by the local HR manager within 30 calendar days of the disciplinary action. Review of appeals of verbal warnings will be resolved by the district engineer or division leader/state engineer. Employees appealing written warnings who are not satisfied after the first review can further appeal to the AI Division for resolution pursuant to Steps 3 and 4 of paragraph 5 below. Appeals of higher level discipline, such as suspension, probation, demotion, or termination, must be filed in writing and received by the AI Director within 30 calendar days of the disciplinary action. Such appeals are to be filed in writing directly with the AI Director, Missouri Department of Transportation, P. O. Box 270, Jefferson City, Missouri 65102 (start at Step 3 of the process defined in paragraph 5 below). When employees in the AI Division want to file an appeal regarding discipline of a written warning or higher level discipline, they should file the appeal in writing to the Equal Opportunity and Diversity Division (EODD) Director at P.O. Box 270, Jefferson City, Missouri 65102. The EODD Director will follow the same procedures as identified for the AI Director throughout the remainder of this policy. Except as provided in paragraph 3, discipline resulting from findings of an investigation by the AI Division is not grievable to the AI or EODD Director.

3. A termination that results from findings of an investigation by the AI Division may be appealed by timely filing a grievance initially with the AI Director (must be received within 30 days of termination), who will forward such grievance to the EODD Director, who will review and respond to such grievance consistent with this policy.
4. The result or method of implementation of a job evaluation study is not grievable. In addition, salary inequity issues and performance-based pay decisions are not grievable.
5. Other than the above stated exceptions, the following procedures will be used when filing a grievance under this policy:

Step 1 The employee must file the grievance in writing with the local HR manager which must be received by the HR manager within 30 days of the action or inaction being grieved. The employee should explain the act, occurrence, or omission that led to the filing of the grievance, the basis for the grievance, present all the facts related to the grievance, and describe the corrective action desired.

Within five workdays after receiving the written grievance with the information listed above, the local HR manager will hold a meeting with the employee and the supervisor or manager that made the decision at issue. Within five workdays after that meeting, the supervisor will provide the employee with a written reply.

## PERSONNEL POLICY 2100

January 1, 2020

Page 3 of 5

The employee will have the option of requesting another person be present at Steps 1 and 2; however, this person will not be allowed to represent the employee, including providing legal counsel, or participate in the meetings. Advance notice of the name of the person must be provided to the local HR manager at least two business days prior to the scheduled meeting. Should the local HR manager, district engineer, or division leader/state engineer determine the person's presence at the meeting would cause disruption to department operations (such as a conflict of interest or safety concern), the person will not be permitted to attend or remain at the meeting.

Step 2 If the grievance is not resolved to the employee's satisfaction at Step 1, the employee may, within five workdays after receiving the written reply, choose to have the grievance reviewed further.

The employee must file the grievance in writing with the district engineer in the case of district employees, or their division leader/state engineer in the case of Central Office employees. Another meeting of those involved may be scheduled to obtain more information about the grievance. A written reply to the employee will be made within ten workdays following receipt of the grievance by the district engineer or division leader/state engineer.

Step 3 If the employee is dissatisfied with the written reply from Step 2, the employee may file an appeal in writing with the AI Director, Missouri Department of Transportation, P. O. Box 270, Jefferson City, Missouri 65102, within five workdays after receiving the reply. If the grievance pertains to a termination resulting from an investigation by the AI Director, such grievance shall be forwarded to the EODD Director.

The AI Director (or EODD Director) will ensure whatever investigation is necessary to establish or validate the facts of the case is conducted. This investigation may include, but is not limited to, the scheduling of a grievance meeting or conducting interviews for the purpose of obtaining information from the grievant, the supervisor(s), and other employees involved in the matter.

The AI Director (or EODD Director) will make a recommendation to the department director for final disposition. The AI Director (or EODD Director) will notify the appropriate parties (e.g., employee, district engineer/division leadership) in writing of the final disposition and any corrective action that will be taken as soon as practical.

6. All steps should be carried out in the time specified in this policy and its accompanying procedures, unless there are extenuating circumstances, such as absence of personnel involved, need for higher review or local investigation, etc.

## PERSONNEL POLICY 2100

January 1, 2020

Page 4 of 5

The employee should be kept informed of the status of the grievance when an immediate decision cannot be reached, and a reply will be delayed.

7. Any investigation, correspondence, etc., involved in the processing of a grievance handled by the AI Director (or the EODD Director) should be treated as confidential information to minimize publicity and embarrassment to all parties concerned; however, anonymity cannot be promised to persons (public or employees) who provide information as part of the investigation. The identity of persons who provide information and the information provided shall only be disclosed to those who have a legitimate need to know or who have a lawful right to such information.
8. The Commission and appointed officials of the Missouri Department of Transportation hold a responsibility to fairly and efficiently carry out designated functions, and nothing in this policy and its accompanying procedures precludes this responsibility or authority to do so.
9. This policy and its accompanying procedure shall not apply to employees that leave employment with the department as a result of: (1) a layoff; (2) a resignation or retirement from the department; or (3) a resignation or retirement in lieu of termination from the department. Such employees do not have the rights outlined in this policy and its accompanying procedures.
10. This policy and its accompanying procedures shall not apply to employees in personnel policy making and other designated positions. The following list identifies positions which are exempt from this procedure. Promotions to positions on the list cannot be filed as a grievance.

## **POLICY STATEMENT**

The department has a commitment to equal opportunity and affirmative action, and is dedicated to fairness in all personnel management transactions. (Refer to Personnel Policy 0505, "Equal Employment Opportunity").

## **DEFINITIONS**

**Applicant:** A person who has submitted an internal or external application for a posted job vacancy.

**Candidate:** An applicant who has been selected for an interview.

## **PROCEDURES**

1. Advertising:
  - A. Each human resources (HR) office is responsible for advertising vacancies within their area. The decision to advertise or to not advertise is at the discretion of the respective district engineer or division leader/state engineer. If a position is advertised, documentation of where the position is advertised must be included in the job fill file.
  - B. District engineers and division leaders/state engineers are responsible for ensuring that efforts are made by their hiring supervisor and HR manager to obtain a quality applicant pool which includes consideration of the department's equal employment opportunity goals consistent with Personnel Policy 0505, "Equal Employment Opportunity."
  - C. Vacancies advertised externally will be posted on the department's web site.

PERSONNEL POLICY 0517  
(Continued)

April 1, 2018  
Page 2 of 9

Additional advertising through on-line websites, newspapers, or other publications may be used by hiring supervisors and should be discussed with the assigned HR representative.

- D. The Job Opportunity Announcement (JOA) or other HR approved job announcement shall be used for internal posting and external advertising.
- E. The JOA or approved job announcement will generally be posted for at least 14 calendar days; however, exceptions can be made to post the position for a longer or shorter period of time based on the needs of the position.

2. Applications:

- A. All persons seeking employment or reemployment with the department must submit the application materials indicated on the JOA or approved job announcement by the closing date stipulated on the JOA or approved job announcement; and must complete an electronic application for employment prior to being hired.
- B. A designated HR representative will evaluate and determine which applicants meet or exceed the minimum qualifications considering substitution of education or experience as detailed in Personnel Policy 0521, "Substitution of Education or Experience."
  - 1) The HR representative, in consultation with the hiring supervisor, has the final responsibility for determining whether or not an applicant meets minimum qualifications.
  - 2) For all positions, a notation must be made in the JOA system of whether or not an applicant meets minimum qualifications and whether or not the applicant was selected for an interview which must be included in each job fill file.

3. Interview Process:

- A. The HR representative will assist the hiring supervisor to complete the Form P-20, "Applicant Evaluation Worksheet," or other HR Division approved form that contains the interview questions on which the candidates will be evaluated. The document containing these questions must be included in the job fill file. The same approved form must be used for each candidate for that job.
- B. The HR representative will assist the hiring supervisor to develop all interview questions.
  - 1) The HR representative, prior to interviews, should review all interview questions.

PERSONNEL POLICY 0517  
(Continued)

April 1, 2018  
Page 3 of 9

- 2) Interview questions must be directly related to the job tasks, performance skills, and preferred employee qualities of the position being filled.
  - 3) All standard questions must be asked of each candidate interviewed.
- C. The selection of candidates to be interviewed will be based on the applicants' education, experience, and preferred employee qualities relative to the position as provided in the job specification and Form P-20, "Applicant Evaluation Worksheet," or other HR Division approved form.
- 1) The HR representative will assist the hiring supervisor in reviewing Personnel Policy 0503, "Employment of Relatives," to determine if there is a conflict.
  - 2) Interviews should be scheduled by the hiring supervisor or the HR representative at a time and place when all panel members can be present.
- D. The interview questions form should contain the name of the person interviewed, the date and time of interview, and the name and job title of all panel members.
4. Panel Interviews:
- A. Panel interviews are required for all vacancies unless waived by the district engineer or division leader/state engineer.
- 1) The size of, and specific members to serve on, each panel will be determined by the district engineer or division leader/state engineer or designee.
    - a. Diversity of the panel should be considered when selecting the composition of the panel.
    - b. For all supervisory and management level positions, consideration will be given to include a direct report to the vacant supervisory level position on the interview panel. However, there will be instances when it is either not appropriate or a direct report of the supervisory position being filled is not available to serve on the panel.
      - (1) If included, the hiring supervisor will determine which direct report will serve on the selection panel. This individual should be in good standing and should not have received any disciplinary actions of a written warning or higher within the past 12 months for either performance or conduct issues.

PERSONNEL POLICY 0517  
(Continued)

April 1, 2018  
Page 4 of 9

- (2) A direct report who serves on the panel should not be an individual who has applied for the position.
  - (3) The role of the direct report is to provide his/her perspective and input to the hiring supervisor during the interview process. The hiring supervisor will take this information into consideration during the decision-making process; however, the final decision on who is hired resides with the hiring supervisor.
- 2) For management level positions (district/division management team positions and above) that have high customer and partner contact, the panel may also include a partner from an external organization or agency.
  - a. The hiring manager will determine the appropriate partner to serve on the panel. The hiring manager should consult with his/her local HR office to determine whether any conflicts of interest exist with this partner's participation.
  - b. If included, the role of the partner is to provide his/her perspective and input to the hiring manager during the interview process. The hiring manager will take the partner's viewpoints and perspectives into consideration during the decision-making process; however, the final decision resides with the hiring manager.
- 3) For those management level positions which do not have high external partner or customer contact but do have high contact with department partners, the panel may include an internal partner.
- 4) All panel members (except for direct reports and external partners/customers) should have attended and completed behavioral interview training; however, at least one panel member must have completed this training.
- 5) Each panel member should attend all interviews and participate as instructed by the hiring supervisor. All panel members are not required to take notes on the answers given by each candidate; however, at least one person must be designated to take notes. All notes taken must be included in the job fill file. After the interview, the panel members will work together to complete one applicant evaluation form for each candidate interviewed using Form P-20, "Applicant Evaluation Worksheet," or other HR Division approved form.

PERSONNEL POLICY 0517  
(Continued)

April 1, 2018  
Page 5 of 9

5. Selection Process:

- A. When all interviews are completed and the panel has completed the Form P-20, or other HR Division approved form, each panel member should review the application, his or her interview notes, the P-20, or other HR Division approved form and any other relevant information that has been provided for each applicant in order to select his/her top candidates.
- B. The panel members should then discuss all top candidates and attempt to reach a consensus on their choice. If there is no consensus, the final decision is up to the hiring supervisor. If there is no consensus, the hiring supervisor must discuss the hiring decision with his/her supervisor(s) to determine who will be offered the position.
- C. Once a candidate has been selected, the supervisor should discuss his/her hiring decision with an HR representative. The decision should be based on all relevant job-related information obtained about the candidate relative to the position as demonstrated by his/her job application, resume, answers to interview questions, and other information available for consideration. Documentation supporting the decision to select the specific candidate should be included in the job fill file.
- D. For external candidates, an HR representative will work with the hiring supervisor to determine what employment references are needed for those who are seriously being considered for the vacant position. References from the current employer of external candidates who are seriously being considered for the vacant position should be secured only after the candidate has given authorization to do so. Form P-15, "Reference Questionnaire," must be used when obtaining references for external candidates who are seriously being considered for the vacant position.

For internal candidates, an HR representative and hiring supervisor will work together to obtain employment references for those who are seriously being considered for the vacant position. Form P-15, "Reference Questionnaire," must be used when obtaining references for internal candidates. Documentation contained in the internal candidate's performance management file that is related to the position being filled should be discussed with the hiring supervisor or HR representative.

Other HR Division approved forms and guidelines may be used to obtain employment references. The same approved form must be used for all candidates being considered for that job. Any reference information obtained must be included in the job fill file.

- E. When the applicant selected does not meet the minimum job requirements, a waiver from the district engineer or division leader/state engineer is necessary prior to making an offer. The district engineer or division leader/state engineer has the discretion to waive minimum job qualifications after

PERSONNEL POLICY 0517

Page 6 of 9

consultation with the HR director or his/her designee. The hiring supervisor cannot make a conditional offer of employment until the waiver is reviewed and approved by the district engineer or division leader/state engineer. All waiver documentation must be included in the job fill file.

When waiver of the minimum requirements as stated on the job specification requires approval from the HR director (see job description for whether waiver by HR director is required), a waiver request should be submitted to the HR director along with the documentation of the other candidates prior to final selection and an offer being made. (Refer to Personnel Policy 0522, "Waiver of Job Specification Minimum Requirements.")

- F. The supervisor should consult with the HR representative concerning promotions and/or position changes that result in an employee transferring from a non-physically demanding position to a physically demanding position (refer to Personnel Policy 0600, "Examinations and Physicals") or from a non-safety sensitive position to a safety sensitive position. (Refer to Personnel Policy 2508, "Drug Testing Program.")
- G. In accordance with Section 226.080, RSMo, "preference shall be given, other conditions being equal, to employment of honorably discharged members of the armed services."

6. Offers of Employment:

- A. For all external hires and for all internal hires that require a physical, drug test, or background check, a written conditional offer must be made. Before making a conditional offer of employment, hiring supervisors must consult with their HR representative to determine the appropriate salary offer in accordance with all Salary and Wage Administration Personnel Policies, including 1016, "Salary Increases"; 1019, "Temporary Assignments or Promotions"; 1021, "Demotions"; and 0522, "Waiver of Job Specification Minimum Requirements," as applicable and consistent with how those policies have been applied in the past. For all salary offers made outside of the provisions covered by these personnel policies, documentation to support the applicant's starting salary must be included in each job fill file. Salary relativity to other relevant current employees should be considered as well as the candidate's level of job related experience and additional relevant education beyond the minimum qualifications. (Refer to Personnel Policy 0521, "Substitution of Education or Experience.") Consultation with the Central Office Compensation unit is encouraged.
- B. Once the salary has been determined and agreed upon by both the hiring supervisor and the HR representative, the supervisor should contact the selected candidate to extend a conditional offer of employment.
  - 1) For external hires, a conditional offer of employment should be made pending completion of a pre-employment, post-offer drug screening, as

PERSONNEL POLICY 0517

well as a physical examination (physically demanding jobs only), and a criminal background check. In addition to full-time and permanent part-time, the following positions are required to go through a pre-employment drug screening:

- Temporary part-time
- Seasonal
- Summer employment
- Internship
- Emergency snow removal
- Retirees
- Rehires

All applicants will be required to complete and pass a criminal background check if there has been a break in service of one or more days and a pre-employment, post-offer drug screening if there has been a break in service over 30 days. (Refer to Personnel Policy 0600, "Examinations and Physicals"; Personnel Policy 2508, "Drug Testing Program"; and Personnel Policy 0519, "Background Checks.")

- a. It should be made clear to the candidate that he/she should not give resignation notice to his/her current employer until results of the drug screening, physical, and criminal background check are received and a final offer is made.
- b. The supervisor should not discuss a start date with the candidate at the time of the conditional offer.

2) For internal hires:

- a. The hiring supervisor should notify the employee's current supervisor that an offer will be or has been made.
  - b. The hiring supervisor should consult with the HR representative to determine whether a drug test, criminal background check, or physical is needed for the new position. If so, a written conditional offer should be made.
- C. When the conditional offer is accepted, the HR representative will contact the candidate and, if applicable, facilitate scheduling of a drug screening and a physical as soon as possible, and initiate the criminal background check. The HR representative will send a written conditional offer of employment to the selected candidate. This letter should contain all of the conditions of the offer and the salary offered.
- D. Once the applicable drug screen, physical, and criminal background check are received and it is determined that a final offer will be made, the candidate
