

Pavement Resurfacing, Signing, Guardrail, Signal and ADA upgrades at NOR/SOR I-44 from Crawford County Line to Route 47

What's is the problem?

The Missouri Department of Transportation is implementing a project to address the aging pavement, signing, guardrail and traffic signals. The project location is on North Outer 44 from Route 47 in St. Clair, to the Crawford County line, in Sullivan, as well as the South Outer Road 44 from Exit 225 to Exit 226 in Sullivan.

What are the anticipated impacts?

Daytime work will include lane closures and some traffic shifts. Signing, signals, ADA upgrades and guardrail work will occur during the day. MoDOT expects most of the resurfacing work will be take place during nighttime hours. There will be flagging operations throughout the duration of the project.

What does the project include?

The Missouri Department of Transportation is planning a pavement improvement project for this portion of the corridor that will include:

- Pavement resurfacing and new pavement on the North and South Outer Roads of I-44.
- Upgrading the signing, including upgrading the reflectivity on the roads
- Upgrading guardrail to current standards
- Signal equipment upgrades at Route 185/WW
- ADA upgrades at Route 185/WW and along the South Outer Road of I-44.

What is the timeline?

Right-Of-Way Acquisition	None
Contract Awarded	February 2024
Construction Begins	Spring 2024
Construction Ends	Late 2024

(Continued on back)

What's the total cost of the project?

The total cost of the project is estimated at \$6.2 million.
