

June 6, 2018

To: Plan Holders for Improvements to the  
Farmington Regional Airport  
Farmington, Missouri  
MoDOT Project No. 18-061C-1

Transmitted herewith is Addendum No. 1 to the Issued for Bid Contract Documents, Specifications and Plans dated May 17, 2018 for Improvements to the Farmington Regional Airport.

Schedule I – Remark Airfield Pavement (Base Bid)  
Concrete Repairs (Add Alternate No. 1)

Schedule II – Remark Airfield Pavement (Base Bid)  
Surface Treatment (Add Alternate No. 2)  
Crack and Joint Seal (Add Alternate No. 3)

Sincerely,

Jviation, Inc.

A handwritten signature in blue ink that reads "Elizabeth Duvall".

Elizabeth Duvall  
Project Manager

**ADDENDUM NO. 1  
 TO  
 CONTRACT DOCUMENTS, SPECIFICATIONS AND PLANS  
 FOR IMPROVEMENTS TO THE  
 FARMINGTON REGIONAL AIRPORT  
 FARMINGTON, MISSOURI  
 MODOT PROJECT NO. 18-061C-1**

To All Bidders: You are requested to make all changes and/or additions contained in this addendum to the Bidding Documents. Failure to acknowledge this Addendum in Proposal shall result in rejection of bid. Bidders are informed that the above referenced Contract Documents, Specifications and Plans are modified as follows as of June 6, 2018:

**1. CONTRACT DOCUMENTS/SPECIFICATIONS**

**Section 1, Award of Contract. b.** All Bidders are hereby instructed to change the second sentence to read “Bids may be held by the owner for a period not to exceed 60 calendar days from the date of the bid opening for the purpose of conducting the bid evaluation.”

*Justification: This clarifies that the bid hold period is 60 days as is consistent with other locations in the Contract Documents.*

**Section 4: Supplementary Provisions, Part D – Federal and State Wage Rates.**

Revision: All Bidders are hereby instructed to remove the Federal Wage Rate General Decision Number: MO180001 05/04/2018 MO1 and replace with MO180001 5/25/2018 MO1.

**See attached the new Federal Wage Rate to be inserted.**

**2. PLAN SET**

**Plan Sheet C300 (Sheet 17 of 18).**

Revise General Marking Note No. 6 that reads “Glass Beads shall be applied to all temporary and permanent pavement markings. Application rates and glass bead type shall be as specified in item P-620. Glass beads shall not be applied to black paint. Type I glass beads shall be applied to all temporary pavement markings. Type III glass beads shall be applied to all permanent pavement markings.” to read **“Glass Beads shall be applied to permanent pavement markings. Application rates and glass bead type shall be as specified in item P-620. Glass beads shall not be applied to black paint.”**

**Plan Sheet C300 (Sheet 17 of 18).**

Revise General Marking Note No. 11 that reads “The contractor shall match the existing paint layout. Existing markings shall be survey verified prior to pavement removal.” to read **“Existing markings shall be survey verified prior to pavement marking removal.”**

- It is the intent for the contractor to survey the existing pavement markings prior to removal so that most markings may be placed back in their existing locations with the exception of the runway markings. The runway markings are to be shifted at both ends, thus not all markings on the runway will be placed back in their existing locations.

**3. QUESTIONS**

*Q1: Can you please send the recent planholders/bidders list?*

Answer: The most current plan holders list can be found on the Jviation bidding website: <http://bid.jviation.com/default.aspx> under Available PROJECTS find the project you are interested in and click the sideways arrows on the left and then scroll down and it will show you the current plan holders list. The plan holders list as of June 3, 2018, is also attached to this addendum.

*Q2: Is the pre-bid meeting mandatory?*

Answer: No, the pre-bid meeting was not mandatory.

*Q3: Do you have an Engineer's Estimate?*

Answer: Jviation does not publicize the Engineer's Estimate.

*Q3: Is water available on the airfield?*

Answer: No. The City does have a hydrant near the airport that may be used for water; however, this will require a 2" meter and the Contractor will be responsible for setting this up through the City and paying the City for water used.

**4. CLARIFICATION****Item P-601a Crack and Joint Sealing**

It is the intent that:

- Existing asphalt cracks and joints that are unsealed will be addressed per the P-601 specification and the crack seal details and notes on plan sheet C301 (sheet 18 of 18). Sealant shall be left slightly recessed.
- Existing asphalt cracks that have failing sealant material will be addressed as follows:
  - 1) Heatlance crack or joint and remove vegetation, debris, and moisture.
  - 2) Apply joint sealant to existing crack and immediately strike off flush with a V squeegee to remove excess sealant and existing banded material to the maximum extent possible.

Use of a disc tip to apply the sealant will not be allowed.

**5. PRE-BID MEETING AGENDA/MINUTES AND SIGN-IN SHEET**

The Pre-Bid Meeting Agenda/Minutes and Sign-In Sheet are attached to this addendum.

**\*\* END OF ADDENDUM NO. 1 \*\***

General Decision Number: MO180001 05/25/2018 MO1

Superseded General Decision Number: MO20170001

State: Missouri

Construction Types: Heavy and Highway

Counties: Missouri Statewide.

HEAVY AND HIGHWAY CONSTRUCTION PROJECTS

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.35 for calendar year 2018 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.35 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2018. The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Additional information on contractor requirements and worker protections under the EO is available at [www.dol.gov/whd/govcontracts](http://www.dol.gov/whd/govcontracts).

POWER EQUIPMENT OPERATORS CLASSIFICATIONS

GROUP 1: Asphalt roller operator, finish; asphalt paver and  
 spreader; asphalt plant operator; auto grader or trimmer or  
 sub-grader; backhoe; blade operator (all types); boilers -  
 2; booster pump on dredge; bulldozer operator; boring  
 machine (truck or crane mounted); clamshell operator;  
 concrete mixer paver; concrete plant operator; concrete  
 pump operator; crane operator; derrick or derrick trucks;  
 ditching machine; dragline operator; dredge engineman;  
 dredge operator; drill cat with compressor mounted  
 (self-contained) or similar type self- propelled rotary

drill (not air tract); drilling or boring machine (rotary-self-propelled); finishing machine operator; greaser; high loader-fork lift-skid loader (all types); hoisting engineer (2 active drums); locomotive operator (standard guage); mechanics and welders (field and plants); mucking machine operator; pile drive operator; pitman crane or boom truck (all types); push cat; quad track; scraper operators (all types); shovel operator; sideboom cats; side discharge spreader; skimmer scoop operators; slip form paver operator (CMI, Rex, Gomeco or equal); la tourneau rooter (all tiller types); tow boat operator; truck crane; wood and log chippers (all types).

GROUP 2: A-frame truck operator; articulated dump truck; back filler operator; boilers (1); chip spreader; churn drill operator; compressor; concrete mixer operator, skip loader; concrete saws (self-propelled); conveyor operator; crusher operator; distributor operator; elevating grader operator; farm tractor (all attachments); fireman rig; float operator; form grade operator; hoisting engine (one drum); maintenance operator; multiple compactor; pavement breaker, self-propelled hydra-hammer (or similar type); paymill operator; power shield; pumps; roller operator (with or without blades); screening and washing plant; self-propelled street broom or sweeper; siphons and jets; straw blower; stump cutting machine; siphons and jets; tank car heater operator (combination boiler and booster); welding machine; vibrating machine operator (not hand held); welding machine.

GROUP 3: (a) Oiler;  
                   (b) Oiler driver  
                   (c) Mechanic.

HOURLY PREMIUMS:

THE FOLLOWING CLASSIFICATIONS SHALL RECEIVE (\$ .25) ABOVE GROUP 1 RATE: Dragline operator - 3 yds. & over; shovel 3 yds. & over; clamshell 3 yds. & over; Crane, rigs or piledrivers, 100' of boom or over (incl. jib.), hoist - each additional active drum over 2 drums

THE FOLLOWING CLASSIFICATIONS SHALL RECEIVE (\$ .50) ABOVE GROUP 1 RATE: Tandem scoop operator; crane, rigs or piledrivers 150' to 200' of boom (incl. jib.)

THE FOLLOWING CLASSIFICATIONS SHALL RECEIVE (\$ .75) ABOVE GROUP 1 RATE: Crane rigs, or piledrivers 200 ft. of boom or over (including jib.)

#### POWER EQUIPMENT OPERATORS CLASSIFICATIONS

GROUP 1: Asphalt finishing machine & trench widening  
 spreader, asphalt plant console operator; autograder;  
 automatic slipform paver; back hoe; blade operator - all  
 types; boat operator tow; boiler two; central mix concrete  
 plant operator; clam shell operator; concrete mixer paver;  
 crane operator; derrick or derrick trucks; ditching  
 machine; dozer operator; dragline operator; dredge booster  
 pump; dredge engineman; dredge operator; drill cat with  
 compressor mounted on cat; drilling or boring machine  
 rotary self-propelled; highloader; hoisting engine 2 active  
 drums; launchhammer wheel; locomotive operator standrad  
 guage; mechanics and welders; mucking machine; piledriver  
 operator; pitman crane operator; push cat operator;  
 guad-trac; scoop operator; sideboom cats; skimmer scoop  
 operator; trenching machine operator; truck crane, shovel  
 operator.

GROUP 2: A-Frame; asphalt hot-mix silo; asphalt roller  
 operator asphalt plant fireman (drum or boiler); asphalt  
 plant man; asphalt plant mixer operator; backfiller  
 operator; barber-greene loader; boat operator (bridge &  
 dams); chip spreader; concrete mixer operator skip loader;  
 concrete plant operator; concrete pump operator; dredge  
 oiler; elevating graded operator; fork lift; grease fleet;

hoisting engine one; locomotive operator narrow guage; multiple compactor; pavement breaker; powerbroom self-propelled; power shield; rooter; slip-form finishing machine; stumpcutter machine; side discharge concrete spreader; throttleman; tractor operator (over 50 hp); winch truck; asphalt roller operator; crusher operator.

GROUP 3: Spreader box operator, self-propelled not asphalt; tractor operator (50 h.p. or less); boilers one; chip spreader (front man); churn drill operator; compressor over 105 CFM 2-3 pumps 4" & over; 2-3 light plant 7.5 KWA or any combination thereof; clef plane operator; compressor maintenance operator 2 or 3; concrete saw operator (self-propelled); curb finishing mancine; distributor operator; finishing machine operator; flex plane operator; float operator; form grader operator; pugmill operator; riller operator other than high type asphalt; screening & washing plant operator; siphons & jets; subgrading machine operator; tank car heater (combination boiler & booster); ulmac, ulric or similar spreader; vibrating machine operator; hydrobroom.

GROUP 4: Oiler; grout machine; oiler driver; compressor over 105 CFM one; conveyor operator one; maintenance operator; pump 4" & over one.

FOOTNOTE: HOURLY PREMIUMS

- Backhoe hydraulic, 2 cu. yds. or under Without oiler - \$2.00
- Certified Crane Operator - \$1.50;
- Certified Hazardous Material Operator \$1.50;
- Crane, climbing (such as Linden) - \$0.50;
- Crane, pile driving and extracting - \$0.50;
- Crane, with boom (including jib) over 100' from pin to pin add \$0.01 per foot to maximum of \$4.00;
- Crane, using rock socket tool - \$0.50;
- Derrick, diesel, gas or electric, hoisting material and erecting steel (150' or more above the ground) - \$0.50;
- Dragline, 7 cu. yds, and over - \$0.50;
- Hoist, three or more drums in use - \$0.50; Scoop, Tandem - \$0.50;
- Shovel, power - 7 cu. yds. or more - \$0.50;
- Tractor, tandem crawler - \$0.50;
- Tunnel, man assigned to work in tunnel or tunnel shaft - \$0.50;
- Wrecking, when machine is working on second floor or higher - \$0.50;

When such an employee has completed 3 years of continuous employment with the same employer and then works the above required number of hours, he shall receive double the number of days of vacation specified above. When such an employee has completed 10 years of continuous employment with the same employer and then works the above required number of hours, he shall receive triple the number of days of vacation specified above. When such an employee has completed 15 years of continuous employment with the same employer and then works the above required number of hours,

he shall receive 4 times the number of days of vacation specified above.

-----  
 WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.  
 =====

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at [www.dol.gov/whd/govcontracts](http://www.dol.gov/whd/govcontracts).

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

-----  
 The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

#### Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1,

2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

#### Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

#### Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

---

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour

Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

END OF GENERAL DECISION

## FARMINGTON REGIONAL AIRPORT

MoDOT PROJECT NO. 18-061C-1

DATE: May 31, 2018

TIME: 1:00 P.M.

### PRE-BID CONFERENCE MEETING MINUTES

#### 1. RECORDING OF ATTENDEES

- A. Recording of attendees, firm represented, address, phone number and email.

#### 2. INTRODUCTIONS & PROJECT DESCRIPTION

##### A. City of Farmington Representatives

- Gregory S. Beavers, MPPA, City Administrator
- Charlie (Charles) Sitzes, Airport Specialist

##### B. Airport Engineering – Jviation, Inc.

- Elizabeth Duvall – Project Manager
- Joe Pestka

##### C. MoDOT Aviation

- Andrew (Andy) Hanks

##### D. Project Schedules

- Schedule I – Remark Airfield Pavement (Base); Concrete Repairs (Alt. 1)
- Schedule II – Remark Airfield Pavement (Base); Surface Treatment (Alt. 2); Crack and Joint Seal (Alt. 3)
- Although it is the preference and likely that all alternates will be awarded if funding is available and bid prices are found to be reasonable, the City's Order of award preference on alternates is 2, 3, 1.
- Schedule I is concrete pavements and Schedule II is asphalt pavements.

##### E. Work Items – **FAA Specifications** All specifications are FAA specifications and NOT highway. Bidders are advised to read all specifications before bidding to make sure they are clear as to the items specified.

SUMMARY OF APPROXIMATE QUANTITIES				
ITEM NO.	ITEM DESCRIPTION	UNITS	SCHEDULE I	SCHEDULE II
			ESTIMATE	ESTIMATE
GP-105a	MOBILIZATION	LS	1	1
P-620a	PERMANENT AIRPORT PAVEMENT MARKING (WHITE & YELLOW)	SF	29,320	2,660
P-620b	PERMANENT AIRPORT PAVEMENT MARKING (BLACK)	SF	13,550	5,310
P-620c	PAVEMENT MARKING REMOVAL	SF	69,370	-
<b>CONCRETE REPAIRS - ALTERNATIVE BID NO. 1</b>				
P-502a	PARTIAL DEPTH CONCRETE SPALL REPAIR	SF	20	-
<b>SURFACE TREATMENT - ALTERNATIVE BID NO. 2</b>				
P-620d	TEMPORARY AIRPORT PAVEMENT MARKING (YELLOW)	SF	-	2,660
P-631a	SURFACE TREATMENT	SY	-	27,980
<b>CRACK AND JOINT SEAL - ALTERNATIVE BID NO. 3</b>				
P-601a	CRACK AND JOINT SEALING	LF	-	10,814

The temporary Airport Pavement Markings are to be applied at a 30% application rate with NO beads. General Marking Note number 6 on plan sheet no. C300 is incorrect and will be addressed in an addendum.

### 3. BID OPENING

- A. Date: Thursday, June 14, 2018 at 1:00 P.M. (CST)
- B. Location: City of Farmington  
110 West Columbia  
Farmington, MO 63640
- C. Bid Bond: 5% of bid amount – Section 2, Instructions to Bidders, Paragraph 4 and Section 20-10 Bid Guaranty.
- D. Contract Proposal: Proposal Form starts on page B-1. Submit pages B-1 through B-21 with bid.  
It is preferred that all pages be submitted with N.A. on pages that are not applicable. This eliminates questions and discrepancies in a submitted bid proposal.
- E. Award: Notice to Bidders, Section 1, Page 2 and Section 30 Award and Execution of Contract.
- **The Bid Hold Period is 60 calendar days.** Page ‘Section 1-2’ has a location that states the bid hold period is 90. The actual Bid Hold Period is 60 calendar days.

#### **4. DBE GOALS**

- A. 0% of Contract Amount Required. The goal set is zero percent; however, DBE participation is still highly encouraged and will be tracked throughout the project.

#### **5. ESTIMATED CRITICAL CONTRACT DATES**

- A. Contract Award: July 2018 (ESTIMATED) –The signature of the bidder on the proposal form indicates that within thirty (30) calendar days from acceptance of its bid offer it will execute a contract with the Owner and, if indicated in this solicitation, furnish a project specific Certificate of Insurance naming the Owner as Additional Insured, furnish Performance and Payment Bonds and any other documents required by the Contract Documents.
- B. Award date will depend on receipt of federal funds. It is possible that federal funds will not be awarded until August or September. Bids can be held up to 60 calendar days. Construction is anticipated in 2018.
- C. Notice to Proceed: August 2018 (ESTIMATED), Refer to Section 80-02.

Project Time: 14 Calendar Days total for Phase 1, 1A and 1B. Phase 2 is 7 Calendar Days. Three (3) days are allowed for Phase 1, concurrent with Phase 1B work. There are a total of 21 Calendar Days for the project. If Add Alternate No 2 is awarded, 30 days shall lapse between Phase 1A&B and Phase 2. Notice to Proceed, Refer to Section 80-08 for more information.

This project is FAA/MoDOT funded so timeline will be dependent on MoDOT Aviation funding availability and approval.

#### **6. BONDING**

- A. Payment Bond: 100% of Bid Amount, Refer to Section 30-05
- B. Performance Bond: 100% of Bid Amount, Refer to Section 30-05

#### **7. BUY AMERICAN REQUIREMENTS**

- A. See Section 4 – Supplementary Provisions, Part A Federal and State Provisions for Buy American Requirements. Buy American Certification required to be submitted as part of the Bid Proposal Form.

#### **8. INSURANCE REQUIREMENTS**

Refer to Section 4, Part C Local Provisions, Paragraph 10 for Contractor's Liability Insurance.

- A. The Contractor shall pay for and maintain during the life of this contract adequate Workmen's Compensation, Public Liability and Property Damage Insurance. The Contractor is charged with the responsibility for adequate and proper coverage for all his subcontract operations. Contractor shall furnish to the Sponsor satisfactory proof of carriage of the insurance required.

#### **9. FEDERAL AND STATE WAGE RATES (DAVIS BACON ACT)**

- A. The higher of the Federal wage and State wage rates are required for this project for work completed under Schedules I and II. Refer to Section 4, Parts D, Federal and State Wage Rates.

## 10. LIQUIDATED DAMAGES

- A. As compensation for non-use, the Contractor shall be assessed a liquidated damage of **\$750/calendar day(s)** for each day that the work remains uncompleted beyond the contract period. Reference SECTION 80-08 FAILURE TO COMPLETE ON TIME.

The maximum construction time for the overall project is 21 calendar days. If Add Alternate No 2 is awarded and 30 days must lapse between Phase 1A&B and Phase 2, those 30 days will not be counted in the calendar day calculation.

Please see the Phasing Sheets, G004 through G008, of the Construction Drawings for more information on the scheduling/sequencing of work.

- B. Permitting the Contractor to continue and finish the work or any part of it after the time fixed for its completion, or after the date to which the time for completion may have been extended, will in no way operate as a waiver on the part of the Owner of any of its rights under the contract.
- C. The Engineer and City have attempted to estimate the amount of time needed for construction management services by the Engineer. **If unusually long working days or extended working days are required, reimbursement for unscheduled employment of the engineer may be required as shown in Section 4 of the Contract Documents, under "Liquidated Damages".** Days are estimated at 12 hours per day.

## 11. PROJECT PHASING

- A. Reference the Phasing Sheets, G004 through G008, of the Construction Drawings.  
a. Airfield Availability/Closures

## 12. MISCELLANEOUS

- A. Pavement Striping:  
a. Runway Marking shifts. Most of the runway markings will shift 10 feet. Please pay attention to the percent removal requirements in the specification and the removal areas shown on the demolition plan sheets.  
b. Mold Algae Inhibitor in both yellow and white paint on concrete surfaces
- B. Construction Materials: Sales Tax Exemption. Refer to Section 4, Part C Local Provisions, Paragraph 12 Sales and Use Taxes.
- C. Survey Requirements – Refer to Section 50-06, Construction Layout and Stakes. Also reference the notes on the Pavement Marking Plan sheets for survey requirements prior to current marking obliteration.
- D. Contractor Access: as shown on the Phasing sheets.
- E. Acceptance Testing: Responsibility of Contractor.
- F. Waste Area- Contractor shall dispose of all waste materials offsite.

G. Haul Route- Sheet G003, "Site Access and Staging" notes. The Contractor shall be responsible for any damage to existing facilities or roads. Repairs shall be made at no additional cost to the Sponsor. The majority of the haul route is via State, County, and City roads.

- Note on Plan Sheet G003 (sheet 3 of 18) that the Airport pavement load restriction is 12,500 lbs single wheel.

H. Airport radios shall be required and must be monitored, especially during the closure of Runway 2/20.

I. Questions will be taken via written format until **Thursday, June 7, 2018 at 10:00 p.m. (CST)**. Any last addendum items should be issued no later than 2:00 p.m. Monday, June 11, 2018.

### 13. QUESTIONS

- **Is water available on the airfield?** No. The City has a hydrant near the airport that may be used for water; however, this will require a 2" meter and the Contractor shall pay the City for water.
- The contractor may dispose of water on the airfield in Airport designated ditches as long as the water does not contain paint chips and/or other debris that could be determined to be hazardous to the environment.
- Crack Sealant is to be left recessed and shall not be banded.
