

# Thermoplastic Pipe Shipping Report Form

GS-17 Form 1

FAX to: 573-526-5636 or EMAIL to: [PIPE@modot.mo.gov](mailto:PIPE@modot.mo.gov)

For assistance call: 573-751-6735

|                           |                         |
|---------------------------|-------------------------|
| <b>Manufacturer Name:</b> | <b>Vendor/Supplier:</b> |
| <b>FAX Number:</b>        | <b>Phone Number:</b>    |

The following material will be shipped to the indicated project. The pipe and other pipe materials are in accordance with the corresponding specification.

| Pipe and Pipe Material<br><small>(type, size, class, recycle %, etc.)</small> | %<br>Recycle | Brand Name | Contract ID. | Line No. | Shipping Date | No. of Pieces | Total Length | Units<br>(ft, m) | MoDOT Pipe ID<br><small>(entered by MoDOT)</small> |
|---|--------------|------------|--------------|----------|---------------|---------------|--------------|------------------|--|
|   |              |            |              |          |               |               |              |                  |  |
|   |              |            |              |          |               |               |              |                  |  |
|   |              |            |              |          |               |               |              |                  |  |
|   |              |            |              |          |               |               |              |                  |  |
|   |              |            |              |          |               |               |              |                  |  |
|   |              |            |              |          |               |               |              |                  |  |

Any Flared End Sections (FES) or Safety Slope End Sections (SSES) shipped with the pipe must also have an ID# assigned prior to shipment:

| Manufacturer and City | Type                       | Coating                  | Size | Quantity | Size | Quantity | Size | Quantity | Size | Quantity | Size | Quantity | Manufacturers ID#<br><small>(or MoDOT will issue)</small> |
|-----------------------|----------------------------|--------------------------|------|----------|------|----------|------|----------|------|----------|------|----------|---|
|                       | FES <input type="radio"/>  | AL <input type="radio"/> |      |          |      |          |      |          |      |          |      |          |   |
|                       | SSES <input type="radio"/> | ZN <input type="radio"/> |      |          |      |          |      |          |      |          |      |          |   |
|                       | FES <input type="radio"/>  | AL <input type="radio"/> |      |          |      |          |      |          |      |          |      |          |   |
|                       | SSES <input type="radio"/> | ZN <input type="radio"/> |      |          |      |          |      |          |      |          |      |          |   |

I hereby certify that all the steel and coating materials used in the above end sections are in compliance with Title 23 CFR, "Buy America Requirements" per MoDOT Specification 106.9.
