

### PROJECT DESCRIPTION

The project will include adding a connector road at the Perryville Industrial Park from Route 51 to Route 61. The City of Perryville will fund approximately 50 percent of the project. (\$2,461,571 Cost Share, \$1,520,000 Economic Development Administration, \$226,389 STP-Urban and \$1,580,059 City of Perryville).

The project provides the City of Perryville with more available area to develop its industrial park.

### TIMELINE

The project is expected to be awarded to a contractor in Nov. 2015, with construction beginning in spring 2016. Work is expected to be completed in fall 2016, weather permitting.

### TRAFFIC IMPACTS

Route V will have an at-grade intersection with the new connector road. While the construction of the new intersection is taking place, Route V traffic will be impacted. Also, motorists are encouraged to use caution as the improvements are underway, as construction equipment will be crossing Route V.

In addition, minor delays should be expected as tie-ins are completed on Route 61 and Route 51.

### CONTACT INFORMATION

For more information, please contact Project Manager Eric Krapf at (573) 472-5261, Transportation Project Designer David Blalock at (573) 472-5295 or MoDOT's Customer Service Center toll-free at 1-888 ASK MODOT (275-6636).
