

BRIDGE REPLACEMENT ROUTE 51 OVER ST. FRANCIS RIVER IN FISK, MO

ABOUT

The project includes replacing this aging structure with a new, wider bridge. The current bridge is 21 feet wide, and the new bridge will be 36 feet wide.

TIMELINE

Tentatively, the project is expected to be let in November 2026. Construction could start as early as the beginning of 2027. Completion is anticipated approximately nine months after the start of construction.

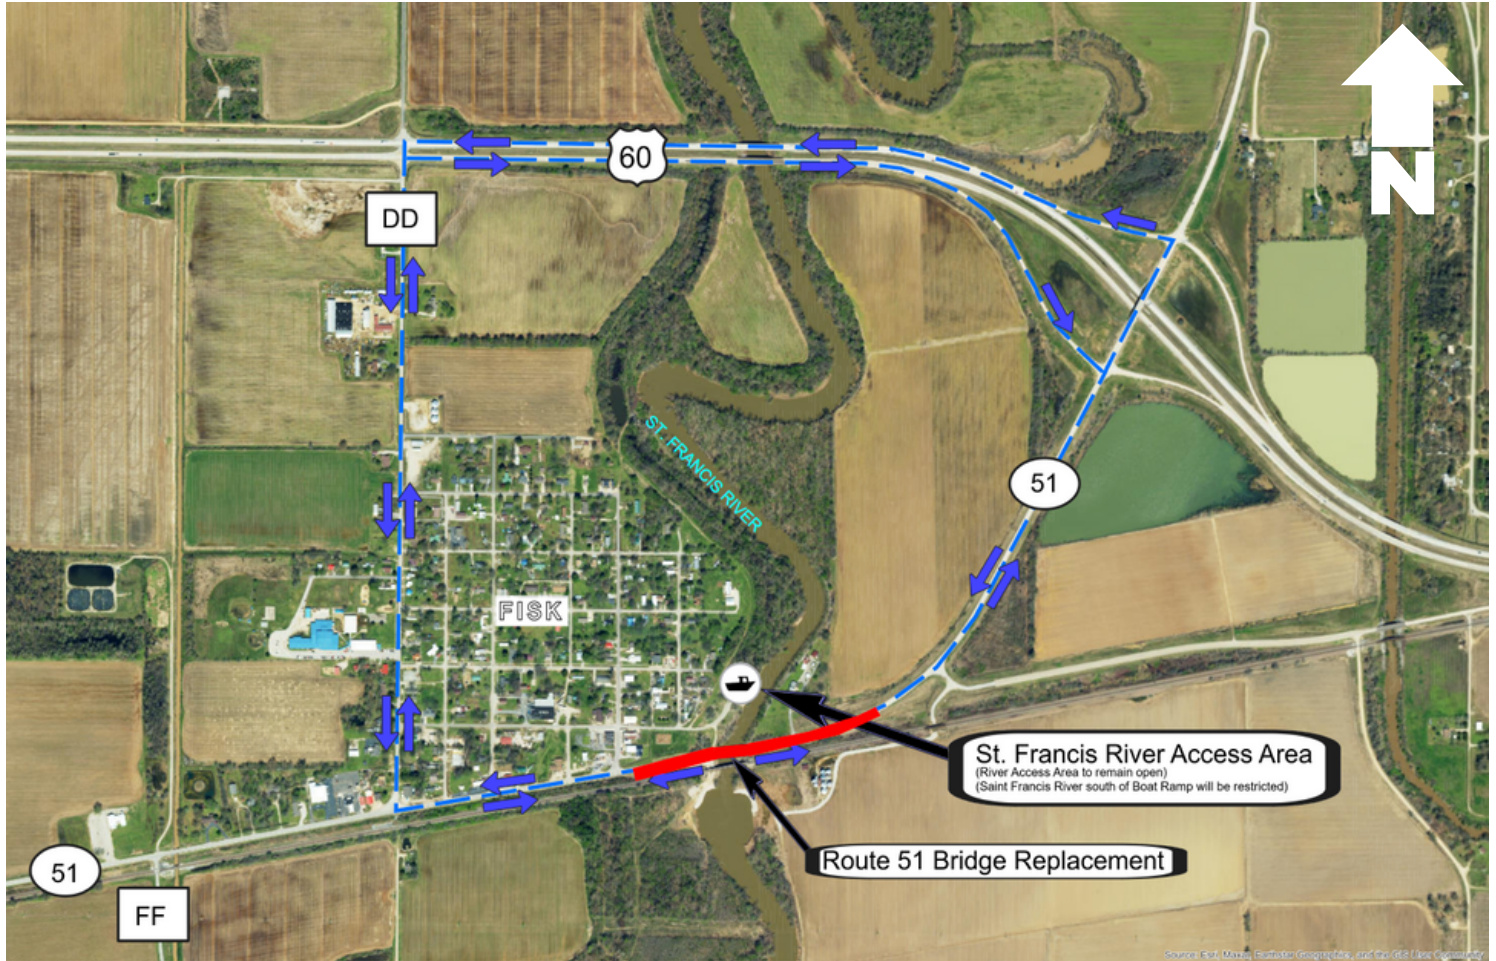

TRAFFIC

During construction, Route 51 will be closed in the vicinity of the bridge with traffic detouring to use Route DD in Fisk. The Fisk St. Francis River access will remain open, but boat traffic will not be able to travel south during construction.
