PROJECT DETAILS

Why is this work needed?

The Missouri Route 32 bridge over Huzzah Creek in Dent County, southwest of Viburnum, is slated for replacement in 2027. Built in 1931, the bridge is in poor condition, showing signs it has reached the end of its useful life, and, in need of replacement.

Traffic Impacts

Construction is expected to take place in 2027 and is expected to take approximately 6 months, subject to change.

The Missouri Route 32 bridge is anticipated to remain open during construction, with a one-lane temporary bypass in place and temporary traffic signals directing motorists through the work zone.

Proposed improvements

- New 30-foot-wide bridge, 6 feet wider than the current bridge.
- Replacing current railings with new barriers.
- Installing new guardrail, pavement marking, and approach pavement.

Current Proposed Timeline

Dec. 2026: Contractors submit competitive bids.

Jan. 2027: Missouri Highways and Transportation Commission may award contract.

March 2027: If awarded in January, earliest contractor may begin work.

Dec. 2027: Anticipated project completion.

*pending MHTC approval
