

Tool and Equipment First-Round Winner

Innovations Challenge

April 2019

Prepared by Transportation Planning
Missouri Department of Transportation

Hydraulic Hose Safety Chain

Description

The safety chain helps hold the hydraulic hoses up and out of the way from getting caught on anything or dragging the ground.

Benefit

By making sure the hoses are secure, it increases safety by avoiding hoses dragging and getting caught on other objects. It is also a quick and easy safety check.

Materials and Labor

The cost of material is about \$20 and the total time is 1 hour.
