

OFFICIAL BALLOT

The I-55 Corridor Improvements project in Jefferson County will add an additional lane in each direction of I-55 and an interchange reconfiguration at I-55/US 67 may lead to an increase in noise levels in your area. Therefore, as part of the environmental mitigation of the road improvements, your area may qualify for a sound wall. If a majority of benefitted property owners and residents vote in favor of a wall, and all other remaining criteria are met, the environmental mitigation study of the noise indicates your property would benefit from a sound wall.

By simple majority the results of this vote will determine whether owners and residents want a wall or not. The viewpoints of non-owner residents will be evaluated as a portion of an aggregate of 25 percent of the total. The viewpoints of owners will be evaluated as a portion of an aggregate of 75 percent of the total. For noise abatement to be considered reasonable, over 50 percent of the aggregate returned responses must be in favorable. Final commitment for MoDOT to build a wall will come when all noise criteria are met.

The final design, location and approximate height of the wall have not yet been determined. You are only voting for whether you want a wall or not. **This is your one and only chance to vote.** You will not have this opportunity again, so please take the time to vote now. One (1) vote will be counted per residence. If a ballot is not returned, it will not count. In order for your vote to count, please have it post-marked by **(8/13)**. You are welcome to return the ballot in person at the resident meeting on **(7/30)**. Ballots post-marked after **(8/13)**, or ballots not returned at all, will not count in the final decision.

Please return this ballot to:
