

## **REQUEST FOR LETTERS OF INTEREST FOR DESIGN-BUILD SERVICES**

The Missouri Department of Transportation (MoDOT) is soliciting Letters of Interest from companies interested in providing Design-Build services for the I-435 South Loop Link in Jackson County, Missouri. The project's primary purpose is to maximize the safety and mobility for all traffic along the I-435 corridor from the Three Trails Crossing to the State Line, as well as minimize future maintenance needs.

One Design-Build team will be selected to design and construct the project. In addition to design and construction, quality management, maintenance of traffic and environmental management may be included as part of the contract.

MoDOT will use a Best Value selection process to evaluate the ability of the Design-Build proposers to meet or exceed the project goals.

**An informational meeting is scheduled for June 5, 2017, 1 to 3 p.m. in the Shenandoah Ballroom of the Gamber Center at 4 SE Independence Ave Lee's Summit, MO 64063.** It is anticipated the Request for Qualifications (RFQ) will be released this same day. At the meeting, a presentation will be made on the project, followed by a question and answer period.

An email will also be accepted to [435southlooplink@modot.mo.gov](mailto:435southlooplink@modot.mo.gov)
