

### 1.3.2.1.1 IFTA Temporary Permit

- If the user opts for a 30-day temporary permit, the following screen will appear.
  - Check the 30-day Temporary checkbox.
  - Enter the following vehicle information:
    - VIN
    - Make
    - Unit No.
    - Year
    - Click Add
  - Comments – add any comments, if necessary.
- Click PROCEED to navigate to the payment screen.
- If the IFTA Temporary Permit is not required, leave the 30-Day Temporary checkbox unchecked and click PROCEED to navigate to the Payment screen.

The screenshot displays the 'IFTA 30 Day Temporary Permit' interface. At the top, a navigation bar shows 'PERMIT' as the active step. Below this, a header area includes the title 'IFTA 30 Day Temporary Permit' and 'Additional Decals'. The main form area is divided into two sections: 'Supplement Details' and 'Vehicle Information'. In the 'Supplement Details' section, there are fields for 'Effective Date' (10/05/2021), 'Expiration Date' (11/03/2021), and 'No. of IFTA Decal Sets Required' (2). A checkbox for '30 Day Temporary' is checked. The 'Vehicle Information' section contains fields for '\* VIN', '\* Make', '\* Unit No.', and '\* Year'. An 'Add' button is located below these fields. At the bottom of the screen, there is a 'Comments' section and a navigation bar with 'Proceed', 'Refresh', 'Quit', and a help icon.

- Once the Payment is finished, the system generates a Payment Receipt.
