

Improve I-70 Kansas City

Winter 2026 Update

2025 - Phase 1

2026 - Phase 2

2027 - Phase 3

2028

Construction Update

I-70 at Benton Blvd. (Benton Curve) - Indiana Ave. closed between Truman Rd. and 18th St. for work on the future I-70 WB bridge. Construction of the future WB bridges & on-ramps continues in the median of I-70.

23rd St. Bridge over I-70 - NOW OPEN!

25th St. Pedestrian Bridge over I-70 - NOW OPEN!

Cleveland Ave. Bridge over I-70 - The bridge was closed and demolished in February 2026. This year, it will be replaced and is scheduled to reopen in December 2026.

27th St. Bridge over I-70 - The bridge was closed in December 2025 and demolished in February 2026. It will be replaced this year and is scheduled to reopen in Fall 2026.

I-70 at Jackson Ave. (Jackson Curve) - The future EB I-70 bridge over Jackson Ave. is complete. Crews are bringing up the dirt on both ends of the bridge to help create the future EB alignment.

Lister Ave. Bridge over I-70 - Bridge walls and columns are being built. It is set to reopen in September 2026.

Oakley Ave. Pedestrian Bridge over I-70 - Bridge columns and caps are being constructed. The bridge is scheduled to reopen in September. 2026
