March 9, 2022

Dear Consultant:

The Missouri Highways and Transportation Commission is requesting the services of a consulting engineering firm to perform the described professional services for the project included on the attached list.

If your firm would like to be considered for these consulting services, you may express your interest by responding to the appropriate office, which is indicated on the attachments. Limit your letter of interest to no more than **three** pages. This letter should include a statement to indicate your firm's understanding of the project. It should also include any other information which might help us in the selection process, including key personnel you would assign to the project and the backgrounds of those individuals, and any sub-consultants you would propose to use, and an indication of your firm's approach to promoting and developing a diverse workforce. MoDOT is committed to reflecting the diversity of the communities we serve and we expect our partners to do the same. We will utilize the consultant information already on file so we will not need a lengthy submittal of other general company information. In addition, please attach one page with detailed information on similar projects that your key personnel have worked on. Indicate the role your key personnel played in the projects and include reference contact information.

DBE firms must be certified by the Missouri Department of Transportation in order to be counted as participation towards an established DBE Goal. We encourage DBE firms to submit letters of interest as prime consultants for any projects they feel can be managed by their firm. We also encourage both DBE firms and non-DBE firms to consider joining MoDOT's Mentor/Protégé program whenever possible as part of a MoDOT project.

MoDOT will evaluate firms based on: Project Understanding & Innovation, Past Performance, Qualifications of Personnel Assigned, General Experience of Firm, Familiarity/Capability, Accessibility of Firm & Staff. Firm's not providing a response on approach to workforce diversity will be considered non-responsive to this solicitation. Firm's that are not current on all of the required prequalification categories found in [MoDOT's Approved Consultant Prequalification List](#) at the date of the solicitation expiration will be considered non-responsive.

We request all letters be received by 3:00 pm, March 25, 2022 at the appropriate office.

Sincerely,

DocuSigned by:

7235401273964B4
Travis Koestner, P.E.
State Design Engineer

Northeast District

Randolph County, Route 3	
Job No:	J2S3448
Location:	Route 3 is currently closed to traffic between Sweet Spring Creek on the south, to County Road 2130 on the north, adjacent to Boone Quarries.
Proposed Improvement:	This project will provide for the improvement of rebuilding approximately 0.66 centerline miles of Route 3 in Randolph County which was closed due to a geotechnical slide of the roadway.
Length:	0.66 miles
Approximate Construction Cost:	\$2,553,265
DBE Goal (if applicable)	5%
Consultant Services Required:	<p>Surveying: Consultant team will be required to obtain field survey and topographic information to establish roadway centerline and allow for the development of roadway quantities.</p> <p>Preliminary & Final Roadway Design: Consultant will develop preliminary & final roadway design plans based upon the recommendations issued in the “Slope Failure Study” completed in December 2021.</p> <p>Geotechnical: Consultant will evaluate the “Slope Failure Study”, utilize the recommendations, and/or obtain additional field information as needed.</p> <p>Environmental: MoDOT forces will complete the environmental clearances. Consultant will be expected to provide environmental information as needed to allow for the submittal of the Request for Environmental Services (RES)</p>
Other Comments:	<p>Interviews or presentation will not be required for the consultant selection.</p> <p>Tentative Date of Consultant Selection – April 8, 2022</p>
