personnel played in the projects and include reference contact information. Any consultant or sub-consultant which qualifies as a DBE should be indicated.

DBE firms must be certified by the Missouri Department of Transportation in order to be counted as participation towards an established DBE Goal. We encourage DBE firms to submit letters of interest as prime consultants for any projects they feel can be managed by their firm. We also encourage both DBE firms and non-DBE firms to consider joining MoDOT's Mentor/Protégé program whenever possible as part of a MoDOT project.

We will utilize the consultant information already on file so we will not need a lengthy submittal of other general company information.

Firms that are not current on all of the required prequalification categories found in MoDOT's *Approved Consultant Prequalification List* at the date of the solicitation expiration will be considered non-responsive.
