Dear Consultant:

The Missouri Highways and Transportation Commission is requesting the services of a consulting firm to perform the described right of way services for MoDOT project J6S3255, Route 340, St. Louis County.

Please note this RFQ (Request for Qualifications) solicitation is based on qualifications only. Each submittal will be reviewed and rated according to the firms qualifications as outlined in this document. No bid for cost of services should be included with this RFQ.

Once consultants are rated and considered as “qualified”, a detailed scope of services and set of plans will be provided to the qualified firms to prepare a cost of services. A firm will be selected to enter into a Memorandum of Understanding with the Missouri Department of Transportation for the specified services based on their qualification rating and cost.

If your firm would like to be considered for these consulting services, you may express your interest by responding to the appropriate office, which is indicated on the attachments. Limit your letter of interest to no more than three pages. This letter should include a statement to indicate your firm’s understanding of the project. It should also include any other information which might help us in the selection process, including key personnel you would assign to the project and the backgrounds of those individuals, and any sub-consultants you would propose to use, and an indication of your firm’s approach to promoting and developing a diverse workforce. MoDOT is committed to reflecting the diversity of the communities we serve and we expect our partners to do the same. We will utilize the consultant information already on file so we will not need a lengthy submittal of other general company information. In addition, please attach one page with detailed information on similar projects that your key personnel have worked on. Indicate the role your key personnel played in the projects and include reference contact information.

MoDOT will evaluate firms based on: Project Understanding & Innovation, Past Performance, Qualifications of Personnel Assigned, General Experience of Firm, Familiarity/Capability, Accessibility of Firm & Staff and cost associated with defined services outline in the Scope of Services. Firm’s not providing a response on approach to workforce diversity will be considered non-responsive to this solicitation.

We request all letters be received by 3:00 pm, April, 2, 2021 at the appropriate office. All participants will be notified by letter of the results of the RFQ before April 14, 2021.

Sincerely,

Travis Koestner, P.E.
