Missouri Department of Transportation

Patrick K. McKenna, Director

1.888.ASK MODOT (275.6636)

July 12, 2023

Dear Consultant:

The Missouri Highways and Transportation Commission is requesting the services of a consulting firm to perform the described right of way services for MoDOT project J6S3582, Route 366, St. Louis County.

Please note this RFQ (Request for Qualifications) solicitation is based on qualifications only. Each submittal will be reviewed and rated according to the firms qualifications as outlined in this document. No bid for cost of services should be included with this RFQ.

Once consultants are rated and considered as “qualified”, a detailed scope of services and set of plans will be provided to the qualified firms to prepare a cost of services. A firm will be selected to enter into a Right of Way Services Agreement with the Missouri Department of Transportation for the specified services based on their qualification rating and cost.

If your firm would like to be considered for these right of way consulting services, you may express your interest by responding to the appropriate office as indicated on the attachments. Limit your letter of interest to no more than three pages. This letter should include a statement to indicate your firm’s understanding of the project. It should also include any other information which might help us in the selection process, including key personnel you would assign to the project, where they are located, the backgrounds of those individuals, any sub-consultants you would propose to utilize, and an indication of your firm’s approach to promoting and developing a diverse workforce. Key items in which MoDOT will evaluate and rate as outlined in the next paragraph should be taken into consideration by your firm and it’s response. MoDOT is committed to reflecting the diversity of the communities we serve and we expect our partners to do the same. MoDOT will utilize the consultant information already on file so we will not need a lengthy submittal of other general company information. In addition, please attach one page with detailed information on similar projects that key personnel have worked on. Indicate the role your key personnel played in the projects and include reference contact information.

The final evaluation MoDOT will conduct on qualified firms will be based on: Project Understanding & Innovation, Past Performance, Qualifications of Personnel Assigned, General Experience of Firm, Familiarity/Capability, Accessibility of Firm & Staff and cost associated with defined services outline in the Scope of Services. Firms not providing a response on approach to workforce diversity will be considered non-responsive to this solicitation.

We request all letters be received by 3:00 pm, July 28, 2023 at the appropriate office. All participants will be notified by letter of the results of the RFQ before August 4, 2023. After which selected firms will be given an opportunity to provide costs associated with the services described within the scope of services for the subject project.

Sincerely,

DocuSigned by:

Travis Koestner, P.E.

St. Louis District**366/Watson Road**

St. Louis District, Route 366/Watson Road , St. Louis County	
Job No:	J6S3582
Location:	Route 366 (Watson Rd.) in St. Louis County, from Geyer Rd. to the St. Louis City limits, just west of River Des Peres.
Proposed Improvement:	This project will provide for Right of Way (ROW) Services outlined more specifically in the Scope of Services. The successful Offeror agrees to provide to the Missouri Highways and Transportation Commission with Right of Way (ROW) services for Project J6S3582, St. Louis County, Missouri, which includes pavement resurfacing and upgrade pedestrian facilities to comply with the ADA Transition Plan from Geyer Road to St. Louis City limits and bridge replacement over Gravois Creek.
Scope of Services:	<p>The subject project has an estimated \$2,426,000 programmed for right of way acquisition. There are approximately 133 parcels requiring acquisition of permanent right of way or easements. It is anticipated that project acquisitions will begin in September 2023. ROW clearance in April 2024 and project letting in May 2024. Construction of the project is anticipated to begin in the summer of 2024 and run through the winter of 2025. The ROW consulting firms will supplement MoDOT's staff and provide the necessary services to continue the Missouri Department of Transportation's ROW needs for this ongoing project when staff is unavailable. Task orders will be at the discretion of MoDOT's ROW Manager. The specific services required for this project will cover the range of those typically provided by a full-service land acquisition consultant team with the exception of appraisals and relocation. Some tasks listed herein may be unnecessary, and, if necessary, others of a more specialized nature may be added.</p> <p>The Offerors agree to perform specific services within the above stated scope of work to include, but not be limited to the following:</p> <ol style="list-style-type: none"> 1. Negotiations

	<ul style="list-style-type: none">•The selected consultant may conduct preliminary acquisition interviews with affected property owners prior to the initiation of negotiations. Such preliminary contacts may be made on an individual basis or in a public meeting with property owners without discussion acquisition costs or project details.•The consultant shall negotiate acquisitions in accordance with the Engineering Policy Guide (EPG), the Uniform Act, and the laws of the State of Missouri. This may include but is not limited to the following: Describing the acquisition, referencing plats, explaining construction plans, and project schedule and details. Clearly explain details related to the appraisal and how the offer was developed, as well as answering other valuation questions and explain the negotiation process.•The consultant shall prepare all necessary documents for review and signature by the ROW Manager. The only offer allowed must be approved by MoDOT. The consultant may not present any counteroffer or agree to any engineering plans revisions or changes without express permission by MoDOT. The consultant is to relay all concerns, counter offers, or issues to the ROW Manager for review and consideration.•When negotiations result in an agreement for approved fair market value or a MoDOT approved administrative settlement, the consultant shall prepare the necessary documents and secure signatures from the owner or their representatives as well as any tenants to submit for payment. The consultant will also facilitate closings with the title company on any parcels deemed to need a closing. This includes but is not limited to obtaining updated title commitments and providing title company with documents related to closing.•When negotiations result in condemnation, the consultant shall submit completed file documents to the ROW Manager.•At a minimum, the consultant's agent(s) must take the following acquisition actions on each ROW parcel being acquired on the project: Deliver
--	---

	<p>owner's notification letters, acquisition brochures, plans, offer letters, provide pamphlet, and unsigned agreements by means of personal contact or certified mail. Maintain a negotiator's log of contacts with property owners to document negotiations, efforts to achieve amicable settlements, responsiveness to owners' counter proposals, and suggestions for changes in plans. Utilize the MoDOT approved forms, letters and agreements. Follow up personal visits and contacts may be necessary during the negotiation process.</p> <ul style="list-style-type: none"> •Consultant must have at least one Missouri Notary on staff who is available to notarize owners' documents upon request and in person. •Complete negotiations on all parcels on the project to settlement stage or condemnation prior to the scheduled project ROW clearance date. <p>Coordinate with Title Company for closing of acquired parcels, including but not limited to obtaining updated title commitments and providing title company with documents related to closing.</p> <ul style="list-style-type: none"> •When condemnation is necessary on a parcel, the following items must be provided to MoDOT Legal Counsel within one (1) week of request: <ul style="list-style-type: none"> • Negotiator report • 60 Day Letter with proof of receipt • Offer Letter with proof of receipt <p>2. Legal Processing</p> <ul style="list-style-type: none"> •The consultant shall cooperate and assist when necessary, with the legal representatives of MoDOT to assist in the processing of all cases for legal action. Act as MoDOT representative during legal cases and hearings associated with assigned parcel and project. <p>The consultant will make available staff and information as may be required by MoDOT legal representatives.</p> <p>3. Attend monthly or bimonthly status update meetings (up to 10 meetings) and maintain an updated status update spreadsheet.</p>
Length:	6.666 miles
Approximate Construction Cost:	\$21,125,000

DBE Goal (if applicable)	Zero
Consultant Services Required:	
Other Comments:	<p>Interviews or presentation will not be required for the consultant selection.</p> <p>Tentative Date of Consultant Selection - August 18, 2023</p> <p>The PM can add any comment necessary to further clarify the solicitation</p>
