

Prioritized Needs from Public Meeting

Held January 21st, 2020

Exhibit "A"

Rank	Focus Group's Prioritized Needs
1	Increase the safety of traffic merging onto the interstate from southbound US 61
2	Simplify the movement from SB US 61 to WB MO 74 and SB I-55 to cause less confusion to unfamiliar drivers.
3	Replace the southbound US 61 bridge over I-55, which is currently in poor condition.
4	Reduce confusion between Exits 93A and 93B, consider combining into one exit from I-55.
5	Maintain or increase the Level of Service (efficiency) of the interchange.
6	Reduce the number of ramps merging into other ramps.
7	Consider all traffic types when making improvements to the interchange, including the trucks that service the heavy industry in the area.
8	Eliminate the height restriction from the bridges over MO 74.
9	Provide improved access to the undeveloped/underdeveloped land near the interchange.
10	Improve the interchange while maintaining traffic flow during construction.
11	Eliminate the flooding west of the interchange on MO 74.
12	Improve the geometry of the interchange to meet current design standards.
13	Alleviate congestion on Bloomfield Road.
14	Eliminate the flooding east of the interchange on South Sprigg Street.
15	Make the necessary improvements to the interchange while minimizing the environmental impacts
