

# St. Louis District Management Team

The Missouri Department of Transportation is committed to providing a world-class transportation system that is safe, innovative, reliable and dedicated to serving customers. MoDOT designs, builds and maintains roads and bridges, and works to improve airports, river ports, railroads, public transit systems and pedestrian and bicycle travel. The agency also administers motor carrier and highway safety programs.

St. Louis is one of seven regions that is responsible for administering all department activities for this area. As we focus on our efforts to make the most of every dollar, the St. Louis region includes four counties and one city with the district management team shown.

District Engineer

**Tom Blair, P.E.**  
(314) 453-1800  
thomas.blair@modot.mo.gov

As district engineer, Tom is a champion and spokesperson on transportation needs. He frequently leads partnerships and collaborations among private and public entities to improve transportation in the region.

Assistant District Engineer

**Tom Evers, P.E.**  
(314) 453-1802

## About the St. Louis District:

- Counties: 4
- Population: 2,500,000
- Square Miles: 2,702
- Miles to Maintain: nearly 6,000 lane miles of state highway

## Visit Our Traveler Information Map

MoDOT's Traveler Information Map provides a view of road conditions for major Missouri highways. The map shows work zone locations, flooding information, weather-related road conditions and incidents that affect travel.

Commercial drivers can view information on oversized/over-dimension loads, vertical clearance and commercial zones.

A weather radar image and links to road condition maps for surrounding states are also available on the Traveler Information Map at [www.modot.org/gatewayguide](http://www.modot.org/gatewayguide)
