

Public Meeting Held for U.S. 61 and Routes B/E Interchange Improvements Project

Toshia Drebes of Klingner & Associates assists community members with improvement plan questions

Project Manager **Chris Knapp** explains the new interchange configuration

A public informational meeting was held on June 17 to share information with the public regarding the future interchange improvement project on U.S. 61 in Lincoln County, located at the Routes B/E intersection near Auburn.

The meeting was well attended with approximately 50 members of the community stopping by to ask questions and review the project displays. Through feedback at the meeting and comments collected, the community provided an overall positive response to the proposed interchange plans.

Area Engineer **Jeff Niemeyer** responds to customers' questions
