

Public Meeting Held for MO 47 Widening Project: Safety and Operational Improvements in Lincoln County

Area Engineer **Jeff Niemeyer** explains project details to a community member

Assistant District Engineer **Keith Killen** discussing plans with interested citizen

A public meeting was held on Monday, July 13, 2026 in Hawk Point for the MO 47 widening project, located between Routes A/D in Hawk Point and just west of Routes H/J in Troy in Lincoln County.

Project information was presented to those in attendance utilizing an informational handout and project displays depicting construction phases, traffic control plans and planned detour routes. The public response was overall positive; common topics included navigation during construction.
