(We partner with MARC Destination Safe for the grant application which uses their KC Safety Plan to formulate the grant questions – which closely relates to MoDOT’s SHOW ME ZERO plan.)

ENFORCEMENT FUNDING — **MODOT CENTRAL OFFICE ENFORCEMENT GRANTS**

- Need E-Citation / Data Grants? **Contact Mandy Kliethermes at 573.751.5434** (Traffic record improvements, Electronic Crash Reporting, E-Ticketing and more).
- For enforcement grants (Overtime, Equipment, and more), **Contact Scott Wilson at 573.751.5408**. Inquire about mini grants prior to applying for larger grants. Funding from: MO Dept of Public Safety Funds Federal Programs - Department of Justice

CITY & COUNTY FUNDING - Transportation Projects: Metropolitan Planning Organization (MPO) for Greater Kansas City, the Mid-America Regional Council funds transportation project proposals for Federal Fiscal Years. Federal Highway Administration funding programs within the MARC metropolitan planning boundary (Johnson, Leavenworth, Miami, and Wyandotte Counties in Kansas and Cass, Clay, Jackson, and Platte Counties in Missouri). This includes funding through these programs: Surface Transportation Block Grant Program (STBG), STBG Set-aside (formerly Transportation Alternatives or TAP) and Congestion Mitigation Air Quality (CMAQ).

Please contact Marc Hansen (mhansen@marc.org) with any questions.

MPO & RPG Funds - MPO's and RPC, although similar in some ways don't always have equal or identical programs.

MPO's are given the STBG funding directly to use at their discretion (under federal and state guidelines of course). As you can tell, the counties they have listed are only for the MPO, and are not rural. The rural county MARC has does not qualify for them (Ray County).

The rural funds that exist from the STBG program are utilized for the TAP program, typically offered every other FY (last round was FY2020 funding). That program excludes the MPO counties and only is accessible to my 4 counties and Ray county. TAP is handled by MoDOT, with the input of the RPC
